

TYPE A CUSTOM DROP TUBES 6.5MM AND UP - 6.5MM 10" TYPE A CUSTOM DROP TUBE

[Reloading](#) > [Powder Handling](#) > [Powder Measures & Dispensers](#)

Sinclair Custom Type A Drop Tubes are clear acrylic so you can observe your powder charge as it drops. Each drop tube is fitted with an aluminum sleeve to insure a perfect fit in your powder measure or drop tube adapter. Our 6.5mm and up drop tubes are available in 1/4" inside diameter and 4 different lengths. The longer lengths are great when you are trying to get more powder in a high fill case, especially when using longer bullets. Type A Drop Tubes will require an Adapter for use with Redding Powder measures (749-010-851) or RCBS and Hornady Powder Measures (749-002-916). Type A Drop tubes fill fit directly into Niel Jones Powder Measures.

Safety Instruction Guide for TYPE A CUSTOM DROP TUBES 6.5MM AND UP

Introduction

Thank you for choosing the Sinclair Custom Type A Drop Tubes. These drop tubes are designed for safe and effective use in powder measuring and dispensing. This guide provides essential safety information, usage instructions, and disposal guidelines to ensure your safety and the proper functioning of the product.

General Safety Guidelines

- **Product Safety:** Ensure safe handling and use of the Type A Drop Tubes as they are designed for powder measuring applications.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Follow the instructions provided in case of a recall.
- **Online Shopping:** If purchased online, ensure that the platform complies with safety standards similar to physical stores.
- **Special Consumer Focus:** Keep this product out of reach of children and vulnerable individuals. It is not intended for use by those under the age of 18 without adult supervision.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point.
- **Rapid Alerts:** Familiarize yourself with the EU's Safety Gate platform for updates on product safety.

Specific Safety Precautions for Use

- **Observation:** Always observe the powder charge as it drops through the clear acrylic tube. This helps prevent overfilling and ensures proper measurement.
- **Handle with Care:** The acrylic material is durable but can break if dropped or mishandled. Use caution when handling.
- **Avoid CrossContamination:** Do not use the drop tubes for any substances other than the intended powder. Clean thoroughly after each use to avoid contamination.
- **Use with Approved Equipment:** Ensure that the drop tube is used with compatible powder measures. Refer to the product specifications for compatibility.
- **Installation of Adapter:** If using with Redding Powder Measures, ensure that the adapter (part number 749010851) is installed properly to avoid any issues.

Instructions for Installation and Usage

1. Installation:

- Ensure that your powder measure or drop tube adapter is clean and free of debris.
- Insert the Type A Drop Tube into the powder measure or adapter. If using with Redding Powder Measures, use the designated adapter.
- Ensure a snug fit to prevent any powder leakage during use.

2. Usage:

- Before each use, check the drop tube for any signs of damage or wear. Do not use if damaged.
- Pour the desired powder into the powder measure, ensuring not to exceed the maximum fill line.
- Observe the powder as it drops through the tube to ensure an accurate charge.
- After use, carefully remove the drop tube and clean it according to the cleaning instructions.

Disposal Instructions

- Dispose of the drop tubes in accordance with local regulations.
- If the drop tube is damaged or no longer usable, ensure it is disposed of in a way that prevents accidental injury to others.
- Recycle the acrylic material if local facilities allow for it.

Contact Information for Further Support

For any further assistance or inquiries regarding the safety and use of the Type A Custom Drop Tubes, please consult the relevant consumer support channels as per your local regulations.

By following these guidelines, you can ensure a safe and effective experience with your Sinclair Custom Type A Drop Tubes. Thank you for your attention to these important safety measures.
