

# **ACTION CLEANING TOOL KIT - SINCLAIR INTERNATIONAL ACTION CLEANING TOOL SWAB HANDLE, BOLT ACTION**

[Gun Cleaning & Chemicals](#) > [Cleaning Kits](#) > [Rifle Cleaning Kits](#)

The locking lug area on most bolt action rifles has a tendency to collect brass chips from cases, brush bristles, primer residue, bolt lug grease, and solvents. This accumulation of debris can wear heavily on your bolt lugs. Our lug recess tool should be used routinely by every rifle owner to clean this neglected and hard to reach area. Lug Recess Tool - Specifically for cleaning the locking lug recess area. Use with felts or cotton rolls. Chamber Swab and Handle - For cleaning and drying the chamber. 8-32 threads for large bore mops. Bolt Brush - Double headed brush to scrub the bolt lugs, bolt face, and bolt body. The lug recess tool has a slotted head that accepts cleaning felts and cotton rolls (supplied with the tool). This tool is inserted into the action and rotated inside the lug recess areas. Solvent can be applied to the felts or cotton to remove debris. A dry felt or cotton roll can then be used to dry the area out. The chamber can then be wiped out with the swab handle and mop. The bolt should be sprayed down with a degreaser and scrubbed with the double-headed brush. Be sure to apply new grease to the bolt on the bearing surfaces of the bolt. The bolt shroud should also be routinely cleaned and re-greased. The Lug Recess Tool and Swab Handle are both made of stainless steel for a lifetime of use and can be purchased individually.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL ACTION CLEANING TOOL SWAB HANDLE, BOLT ACTION](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001367
- Mfr. No.: ACT0
- Delivery weight: 0.091kg
- Shipping height: 8mm
- Shipping width: 43mm
- Shipping length: 389mm

# **ACTION CLEANING TOOL KIT SINCLAIR INTERNATIONAL BOLT ACTION CLEANING TOOL SWAB HANDLE Safety Instruction Guide**

## **Introduction**

Thank you for choosing the ACTION CLEANING TOOL KIT from Sinclair International. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning tool kit. Please read this guide carefully before using the product.

## **General Safety Guidelines**

- Ensure that you are familiar with the operation of your bolt action rifle before using the cleaning tool kit.
- Always handle firearms safely and in accordance with local laws and regulations.
- Keep the cleaning tools out of reach of children and pets.
- Inspect the cleaning tools for any signs of wear or damage before each use. Do not use damaged tools.
- Use the cleaning tools only for their intended purpose as described in this guide.
- Wear appropriate personal protective equipment (PPE) such as gloves and safety glasses while cleaning your firearm.
- Ensure that the firearm is unloaded and the chamber is clear before beginning the cleaning process.

## **Specific Safety Precautions for Use**

### **• Lug Recess Tool:**

- Use the lug recess tool gently to avoid damaging the locking lug area.
- Ensure that the tool is securely inserted into the lug recess before rotating.

### **• Chamber Swab and Handle:**

- Do not apply excessive force when cleaning the chamber to prevent damage.
- Ensure that the swab is securely attached to the handle before use.

### **• Bolt Brush:**

- Use the doubleheaded brush with care to avoid scratching the bolt surfaces.
- Clean the brush after each use to prevent the transfer of debris.

## **Instructions for Installation and Usage**

### **1. Preparing the Firearm:**

- Ensure the firearm is unloaded and the chamber is clear.
- Place the firearm on a stable surface.

### **2. Using the Lug Recess Tool:**

- Select a cleaning felt or cotton roll and insert it into the slotted head of the lug recess tool.
- Apply a small amount of solvent to the cleaning felt or cotton roll.
- Insert the lug recess tool into the action and rotate it gently within the lug recess areas to remove debris.
- After cleaning, use a dry felt or cotton roll to dry the area.

### **3. Cleaning the Chamber:**

- Attach the chamber swab to the handle.
- Use the swab to clean and dry the chamber, ensuring thorough coverage.
- Wipe out the chamber with the swab handle and mop.

### **4. Cleaning the Bolt:**

- Spray the bolt with a degreaser to remove grease and debris.
- Use the doubleheaded brush to scrub the bolt lugs, bolt face, and bolt body.
- After cleaning, apply new grease to the bearing surfaces of the bolt.

### **5. Routine Maintenance:**

- Regularly clean and regrease the bolt shroud.
- Store the cleaning tools in a dry place after use.

## **Disposal Instructions**

- Dispose of any used cleaning felts, cotton rolls, and other waste materials in accordance with local regulations.
- Do not dispose of cleaning solvents or chemicals down the drain. Follow local hazardous waste disposal guidelines.

## **Contact Information for Further Support**

For any safety inquiries or support related to the ACTION CLEANING TOOL KIT, please refer to the contact information provided with your purchase.

By following these safety instructions, you can ensure a safe and effective cleaning process for your bolt action rifle. Thank you for your attention to safety and for choosing Sinclair International.
