

# STALWART WOODEN LOADING BLOCKS - SINCLAIR INTERNATIONAL

## 44 MAGNUM 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our "Poly" blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

# STALWART WOODEN LOADING BLOCKS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the STALWART Wooden Loading Blocks from Sinclair International. These loading blocks are designed for reloading enthusiasts who appreciate the quality of traditional hardwood. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product.

## General Safety Guidelines

- Ensure that the loading blocks are used only for their intended purpose: holding cartridges for reloading.
- Always inspect the loading blocks for any damage or defects before use.
- Keep the loading blocks out of reach of children and unauthorized users.
- Avoid using the loading blocks in wet or damp conditions to prevent warping or damage.
- Store the loading blocks in a cool, dry place when not in use.
- Report any unsafe conditions or accidents related to the use of the loading blocks to the appropriate authorities.

## Specific Safety Precautions for Use

- Do not exceed the recommended capacity of the loading blocks (50 rounds, except for #LB9, which holds 32 rounds).
- Ensure that cartridges are securely placed in the holes of the loading blocks to prevent them from falling out.
- Use caution when handling cartridges, as they can be hazardous if mishandled.
- Always follow the manufacturer's instructions for reloading ammunition.
- Wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when reloading.

## Instructions for Installation and Usage

### 1. Preparation

- Before using the loading blocks, ensure that your work area is clean and organized.
- Gather all necessary materials, including cartridges and reloading tools.

### 2. Loading the Blocks

- Place the loading block on a stable, flat surface.
- Insert cartridges into the holes, ensuring they are seated securely.
- Do not overload the block beyond its specified capacity.

### 3. Using the Blocks

- Use the finger grooves on the sides of the loading blocks for a secure grip while handling.
- Always keep the loading blocks away from open flames and excessive heat.

### 4. PostUse Care

- After use, remove all cartridges from the loading blocks.
- Clean the loading blocks with a dry cloth to remove any dust or debris.
- Store the loading blocks in a safe location, away from children.

## **Disposal Instructions**

- When disposing of the loading blocks, follow local regulations for wood disposal.
- If the loading blocks are damaged beyond use, consider recycling the wood if possible.
- Do not burn the loading blocks, as treated wood may release harmful chemicals.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the STALWART Wooden Loading Blocks, please refer to the manufacturer's contact information provided on the product packaging or the official website.

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your STALWART Wooden Loading Blocks. Thank you for your attention to safety!
