

# RELOADING DIE SHIM KITS - SINCLAIR INTERNATIONAL ARBOR DIE SHIM KIT, 22 CALIBER TO 6MM

[Reloading](#) > [Reloading Dies](#) > [Replacement Parts & Upgrades](#)

The Sinclair Reloading Die Shim Kits allows you to make fine adjustments to your reloading dies quickly and easily while still being able to return to your original setting. Each shim is notched for easy size identification. Just set your die using one of the middle thickness shims, adjustments can be made easily by changing shims to increase or decrease die depth without changing the stem setting. A great upgrade to non-micrometer adjustable dies. 7/8-14 Shim Kit includes 7 Shims of varying thickness and are best used with Sizing Dies Arbor Die Shim Kits include 10 shims of varying thickness and best used with L.E. Wilson Seating Dies.

# Safety Instruction Guide for Sinclair International Arbor Die Shim Kit (22 Caliber to 6mm)

## Introduction

Thank you for choosing the Sinclair International Arbor Die Shim Kit. This guide provides important safety instructions and information to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used in accordance with the manufacturer's instructions.
- Always inspect the product for any damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Stay informed about product recalls via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the shim kit only for its intended purpose, which is to adjust reloading dies.
- Do not exceed the recommended thickness of shims for your specific die model.
- Handle shims carefully to avoid injury from sharp edges.
- Make sure to secure the die and shim properly before making adjustments.
- Avoid using the product in wet or damp conditions to prevent slipping and accidents.

## Instructions for Installation and Usage

### 1. Preparation

- Gather all necessary tools and materials before starting.
- Ensure your workspace is clean and free from distractions.

### 2. Setting Up the Die

- Select one of the middle thickness shims from the kit.
- Insert the shim between the die and the press.
- Secure the die in place according to the manufacturer's instructions.

### 3. Making Adjustments

- To increase or decrease die depth, simply replace the current shim with a thicker or thinner one from the kit.
- Always check the setting after each adjustment to ensure accuracy.
- Return to the original shim if needed for consistency.

### 4. PostUse Care

- After use, clean the shims and die to remove any debris or residue.
- Store the shim kit in a dry, safe place away from children.

## Disposal Instructions

- Dispose of any damaged or worn shims in accordance with local regulations.

- Do not dispose of shims in regular household waste if they are still usable; consider recycling options.

## **Contact Information for Further Support**

For further assistance or inquiries regarding the Sinclair International Arbor Die Shim Kit, please refer to the manufacturer's website or contact your local distributor.

Thank you for your attention to these safety instructions. Enjoy your reloading experience with the Sinclair Arbor Die Shim Kit!
