

# STALWART WOODEN LOADING BLOCKS - PPC FAMILY 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our “Poly” blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

# Safety Instruction Guide for STALWART WOODEN LOADING BLOCKS PPC FAMILY 50 ROUND LOADING BLOCK

## Introduction

Thank you for choosing the STALWART WOODEN LOADING BLOCKS PPC FAMILY 50 ROUND LOADING BLOCK. This guide provides essential safety instructions and usage guidelines to ensure your experience is safe and effective. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure the loading block is used in a wellventilated area.
- Always handle the loading block with care to avoid injury.
- Keep the loading block out of reach of children and vulnerable individuals.
- Regularly inspect the loading block for any signs of wear or damage before use.
- Do not use the loading block for any purpose other than its intended use.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of splinters: The wooden surface may have rough edges or splinters.
  - Risk of falling objects: Ensure the loading block is placed on a stable surface to prevent it from tipping over.
- **Avoiding Hazards:**
  - Always check the wooden loading block for any sharp edges or splinters before use.
  - Ensure that the loading block is placed on a flat, stable surface to prevent accidents.
  - Do not overload the loading block beyond its capacity of 50 rounds (or 32 for #LB9).

## Instructions for Installation and Usage

- **Installation:**
  - Place the loading block on a stable, flat surface.
  - Ensure that the block is free from any obstructions that may cause it to tip over.
- **Usage:**
  - Load cartridges into the holes of the block, ensuring that the block is not overloaded.
  - Use the finger grooves on the sides of the block for a secure grip while handling.
  - After use, ensure that all cartridges are removed from the block before storing it.

## Disposal Instructions

- Dispose of the wooden loading block responsibly.
- If the block is damaged or no longer in use, consider recycling the wood if possible.
- Follow local regulations for disposal of wooden products.

## Contact Information for Further Support

For any safety inquiries or further support, please refer to the official website or customer service of the manufacturer.

Thank you for your attention to these safety guidelines. Your safety is our priority. Enjoy using your STALWART WOODEN LOADING BLOCKS PPC FAMILY 50 ROUND LOADING BLOCK responsibly.
