

# STALWART WOODEN LOADING BLOCKS - SINCLAIR INTERNATIONAL

## 308 FAMILY 50 ROUND LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

Reloaders who prefer a traditional hardwood block can use our wooden loading blocks which have the same machined fit as our "Poly" blocks. Each block is machined from select hardwood and has 50 holes (except for #LB-9, which has 32 holes). Finger grooves are machined into the sides for a sure grip. See chart for ordering information.

# Safety Instruction Guide for STALWART WOODEN LOADING BLOCKS

## Introduction

Thank you for choosing the STALWART WOODEN LOADING BLOCKS by Sinclair International. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your loading blocks. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the loading blocks are used in accordance with the manufacturer's instructions to prevent accidents.
- Always inspect the loading blocks for any damage or wear before each use.
- Keep loading blocks out of reach of children and pets to prevent unintended use.
- Use the loading blocks in a wellventilated area to avoid inhalation of any dust or particles.
- Report any unsafe conditions or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not overload the loading blocks beyond their capacity (50 rounds, except for #LB9 which has 32 holes).
- Ensure that the loading blocks are stable and placed on a flat surface during use.
- Avoid using the loading blocks in wet or damp conditions to prevent slipping or damage.
- Do not use the loading blocks for any purpose other than intended (loading ammunition).
- Handle the loading blocks with care to avoid splinters or injuries from sharp edges.

## Instructions for Installation and Usage

### 1. Preparation:

- Choose a clean, dry, and flat surface for placing the loading blocks.
- Ensure that you have all necessary components and tools ready for loading.

### 2. Loading the Blocks:

- Place the loading block securely on the chosen surface.
- Insert the cartridges into the holes of the loading block, ensuring that they are seated properly.
- Do not force cartridges into the holes; if they do not fit easily, check for obstructions or damage.

### 3. Using the Blocks:

- Use the finger grooves on the sides of the loading block for a secure grip.
- Always maintain focus and avoid distractions while loading ammunition.
- After loading, store the loading blocks in a safe and secure location.

### 4. PostUse Care:

- Clean the loading blocks after use to remove any dust or residue.
- Store the loading blocks in a cool, dry place away from direct sunlight.

## **Disposal Instructions**

- Dispose of the loading blocks in accordance with local regulations.
- If the loading block is damaged beyond repair, consider recycling the wood if possible.
- Do not dispose of loading blocks in regular household waste if they contain hazardous materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product details, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety instructions. We hope you enjoy using your STALWART WOODEN LOADING BLOCKS safely and effectively.
