

# SINCLAIR CHAMBER PLUG - SINCLAIR INTERNATIONAL CHAMBER PLUG, .300 SAVAGE, BLACK

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

This unique product seals the chamber and bore to prevent solvents and oils from running back into the action when the rifle is left in an upright position. For heavily fouled barrels, we use these plugs to seal the chamber and then fill the barrel with our favorite solvent. Then we let the barrel sit for a while. If left overnight, you should seal the muzzle end with tape to prevent evaporation. Make sure you fill the barrel all the way to the muzzle end. If storing guns for a long time, these plugs can keep rust preventative agents and oils from seeping down into the action and trigger group area. Oil and debris washed in with excess solvent harms more triggers than just about anything. Replacement O-rings come in packs of 5.

## Attributes

- Name: [SINCLAIR INTERNATIONAL CHAMBER PLUG, .300 SAVAGE, BLACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001492

# Safety Instruction Guide for Sinclair Chamber Plug

## Introduction

Thank you for choosing the Sinclair Chamber Plug. This product is designed to enhance the safety and maintenance of your firearm by sealing the chamber and bore, preventing solvents and oils from entering the action when your rifle is in an upright position. Please read this safety instruction guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Always handle firearms with care and follow all safety protocols.
- Ensure the Sinclair Chamber Plug is compatible with your firearm's caliber (300 Savage).
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the Chamber Plug for wear and damage before use.
- Store the Chamber Plug in a cool, dry place when not in use.
- Follow local laws and regulations regarding firearm maintenance and storage.

## Specific Safety Precautions for Use

- Avoid using the Chamber Plug with heavily fouled barrels without proper cleaning beforehand.
- Ensure the barrel is filled with solvent only to the muzzle end to prevent overflow and spillage.
- If storing firearms for an extended period, seal the muzzle with tape to minimize evaporation of solvents.
- Be aware that oil and debris washed in with excess solvent can harm the trigger mechanism.
- Replace Orings regularly (available in packs of 5) to maintain effectiveness.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and pointed in a safe direction before beginning.
- Clean the barrel and chamber to remove any debris or fouling.

### 2. Installation:

- Insert the Sinclair Chamber Plug into the chamber of your firearm, ensuring a snug fit.
- Check that the plug is properly seated and does not obstruct the barrel.

### 3. Usage:

- Fill the barrel with your preferred solvent, ensuring it reaches the muzzle end.
- Allow the barrel to sit for a recommended duration to let the solvent work effectively.
- If you leave the firearm overnight, seal the muzzle end with tape to prevent solvent evaporation.

### 4. After Use:

- Carefully remove the Chamber Plug after the solvent has done its job.
- Clean the barrel and chamber thoroughly to remove any residual solvent and debris.

## Disposal Instructions

- Dispose of the Sinclair Chamber Plug and any used Orings in accordance with local regulations.

- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management authorities for appropriate disposal methods.

## **Contact Information for Further Support**

For any inquiries about the Sinclair Chamber Plug or safety concerns, please reach out to your local retailer or manufacturer. Always ensure you have access to support for safe handling and maintenance of your firearm.

By following these safety instructions, you can ensure a safe and effective experience with your Sinclair Chamber Plug. Thank you for prioritizing safety in your firearm maintenance practices.
