

# SINCLAIR CHAMBER PLUG - SINCLAIR INTERNATIONAL CHAMBER PLUG, .222 REMINGTON MAG, BLACK

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

This unique product seals the chamber and bore to prevent solvents and oils from running back into the action when the rifle is left in an upright position. For heavily fouled barrels, we use these plugs to seal the chamber and then fill the barrel with our favorite solvent. Then we let the barrel sit for a while. If left overnight, you should seal the muzzle end with tape to prevent evaporation. Make sure you fill the barrel all the way to the muzzle end. If storing guns for a long time, these plugs can keep rust preventative agents and oils from seeping down into the action and trigger group area. Oil and debris washed in with excess solvent harms more triggers than just about anything. Replacement O-rings come in packs of 5.

## Attributes

- Name: [SINCLAIR INTERNATIONAL CHAMBER PLUG, .222 REMINGTON MAG, BLACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001543
- Mfr. No.:

# Safety Instruction Guide for SINCLAIR CHAMBER PLUG

## Introduction

Thank you for choosing the SINCLAIR CHAMBER PLUG designed for the .222 Remington Magnum. This product is intended to enhance the safe storage and maintenance of your firearm by preventing solvents and oils from entering the action when the rifle is stored upright. Please read this safety instruction guide carefully to ensure proper use and compliance with safety regulations.

## General Safety Guidelines

- Ensure the product is used only as intended.
- Always keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the chamber plug for any signs of wear or damage.
- Report any unsafe conditions or accidents to the relevant authorities.
- Stay informed about product recalls and safety alerts through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Before using the chamber plug, ensure the firearm is unloaded.
- Do not use the chamber plug with damaged firearms or those not in proper working order.
- Avoid using excessive force when inserting or removing the chamber plug.
- Ensure the chamber plug is securely fitted to prevent accidental removal.
- Do not leave solvents or oils in the barrel for extended periods without checking compatibility with the firearm material.
- Seal the muzzle end with tape if leaving the barrel filled overnight to prevent evaporation.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Clean the chamber and bore of the firearm to remove any debris.

### 2. Inserting the Chamber Plug:

- Take the chamber plug and gently insert it into the chamber of the firearm.
- Ensure that it fits snugly and securely.

### 3. Filling the Barrel:

- If using solvents, fill the barrel with your preferred cleaning solution after inserting the chamber plug.
- Fill the barrel all the way to the muzzle end.

### 4. Sealing the Muzzle:

- If the barrel is filled overnight, seal the muzzle end with tape to prevent evaporation of the solvent.

### 5. Removal of the Chamber Plug:

- When ready to use the firearm again, carefully remove the chamber plug.
- Ensure that any solvent or cleaning solution has been properly drained and the barrel is clear.

## **Disposal Instructions**

- Dispose of any used chamber plugs and packaging materials in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the SINCLAIR CHAMBER PLUG, please reach out to the designated EU contact point provided with your product packaging or documentation.

By following these safety instructions, you can ensure the safe and effective use of the SINCLAIR CHAMBER PLUG. Thank you for prioritizing safety in your firearm maintenance practices.
