

# **SINCLAIR CHAMBER PLUG - SINCLAIR INTERNATIONAL CHAMBER PLUG, .220 SWIFT, BLACK**

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

This unique product seals the chamber and bore to prevent solvents and oils from running back into the action when the rifle is left in an upright position. For heavily fouled barrels, we use these plugs to seal the chamber and then fill the barrel with our favorite solvent. Then we let the barrel sit for a while. If left overnight, you should seal the muzzle end with tape to prevent evaporation. Make sure you fill the barrel all the way to the muzzle end. If storing guns for a long time, these plugs can keep rust preventative agents and oils from seeping down into the action and trigger group area. Oil and debris washed in with excess solvent harms more triggers than just about anything. Replacement O-rings come in packs of 5.

## **Attributes**

- Name: [SINCLAIR INTERNATIONAL CHAMBER PLUG, .220 SWIFT, BLACK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001544
- Mfr. No.:

# Safety Instruction Guide for Sinclair Chamber Plug

## Introduction

Thank you for choosing the Sinclair Chamber Plug by Sinclair International. This product is designed to seal the chamber and bore of your rifle, preventing solvents and oils from running back into the action when stored upright. Proper use and care of this product will enhance your firearm maintenance and safety. Please read this guide carefully to ensure safe and effective use.

## General Safety Guidelines

- Ensure the Sinclair Chamber Plug is compatible with your firearm's caliber before use.
- Always handle firearms with care and follow all safety protocols.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the chamber plug for wear and tear. Replace if damaged.
- Report any unsafe product experiences or accidents to the appropriate authorities.
- Stay informed about recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the rifle is unloaded before inserting or removing the chamber plug.
- Do not leave solvents or oils in the barrel for extended periods without monitoring.
- If using the chamber plug for longterm storage, seal the muzzle end with tape to prevent evaporation of solvents.
- Use only recommended solvents and oils to avoid chemical reactions that could damage the firearm or the chamber plug.
- Avoid using excessive force when inserting or removing the chamber plug to prevent damage to the firearm or the plug.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the rifle is unloaded and in a safe position.
- Gather your preferred solvent and any additional tools needed for cleaning.

### 2. Inserting the Chamber Plug:

- Insert the Sinclair Chamber Plug into the chamber of the rifle. Ensure it fits snugly to create an effective seal.
- Check that the plug is securely in place before proceeding.

### 3. Filling the Barrel:

- Fill the barrel with your chosen solvent until it reaches the muzzle end.
- Ensure the chamber plug remains in place during this process.

### 4. Allowing the Solvent to Work:

- Let the barrel sit for the recommended time to allow the solvent to work effectively. This can range from a few hours to overnight.
- If letting it sit overnight, seal the muzzle end with tape to prevent evaporation.

## 5. Removing the Chamber Plug:

- After the solvent has had time to work, carefully remove the chamber plug.
- Dispose of any excess solvent according to local regulations.

## 6. Cleaning Up:

- Clean the barrel thoroughly to remove any remaining solvent and debris.
- Replace the chamber plug with a new one if necessary, as replacement Orings come in packs of 5.

## Disposal Instructions

- Dispose of used solvents and oils according to local environmental regulations.
- Do not dispose of the Sinclair Chamber Plug in regular household waste if it is damaged or contains hazardous materials.
- Check with local waste management authorities for proper disposal methods.

## Contact Information for Further Support

For any inquiries or further assistance regarding the Sinclair Chamber Plug, please refer to the product packaging or the manufacturer's website for contact details.

Thank you for your attention to these safety instructions. Your safety and the proper functioning of your firearm are our top priorities.
