

RIFLE CASE HOLDERS - L.E. WILSON 30-06 SPRINGFIELD CASE HOLDER

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Trimmer Case Holders](#)

The L.E. Wilson Rifle Case Holder holds the case for trimming, primer pocket reaming, neck reaming and deburring. The L.E. Wilson Trimmer Case Holder provides the ultimate accuracy and uniformity for trimming your cases. The unique design of the case holder supports the case body, much like a chamber of a firearm. The Case Holders are precisely manufactured for consistent results and repeatability. The FIRED Case Holders are for Neck Sized Cases. NEW Case Holders work with new, unfired brass or cases that have been full length sized. If a type isn't specified the holder will fit both Fired, New, Neck or Full Length sized cases.

L.E. Wilson 3006 Springfield Case Holder Safety Instructions

Introduction

Thank you for choosing the L.E. Wilson 3006 Springfield Case Holder. This product is designed to enhance your case trimming and reloading experience. To ensure your safety and the effective use of this product, please read and follow these safety instructions carefully.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Always inspect the case holder before use for any signs of damage or wear.
- Keep the case holder and all tools out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as outlined in this guide.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Only use the L.E. Wilson Case Holder with cases that are compatible with the specified cartridge types: 3006 Springfield, 270 Winchester, and 2506 Remington.
- Ensure that the cases being used are either fired, new, or neck sized, as applicable.
- Do not attempt to modify the case holder or use it with incompatible cases.
- Always wear appropriate safety gear, including safety glasses, when trimming or reaming cases.
- Avoid wearing loose clothing or jewelry that could become caught in machinery during use.
- Work in a welllit area to ensure visibility of the case holder and the cases being processed.

Instructions for Installation and Usage

Installation

1. Ensure that the trimming tool or reamer is securely attached to the case holder.
2. Insert the case into the holder, ensuring it is properly seated and aligned.
3. Verify that the holder is firmly secured in the trimming or reaming tool before proceeding.

Usage

- For trimming:
 - Position the case holder in the trimming tool.
 - Follow the manufacturer's instructions for setting the desired trim length.
 - Operate the trimming tool according to the provided guidelines, ensuring that the case remains stable in the holder.
- For primer pocket reaming and neck reaming:
 - Attach the appropriate reaming tool to the holder.
 - Insert the case and ensure it is securely held in place.
 - Operate the reaming tool as instructed, maintaining a steady hand for precision.

Disposal Instructions

- Dispose of any used or damaged cases in accordance with local regulations.
- Ensure that the case holder is disposed of responsibly if it is no longer usable.
- Do not dispose of the case holder or any components in regular household waste; check for local recycling options.

Contact Information for Further Support

For any inquiries regarding the L.E. Wilson 3006 Springfield Case Holder, please refer to the manufacturer's website or contact their customer service for assistance. Always ensure you have the product details ready when seeking support.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your reloading experience with the L.E. Wilson Case Holder!
