Introduction

Thank you for choosing the Forster Bushing Bump Neck Sizing Bushings. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bushings to avoid any hazards and ensure optimal performance.

General Safety Guidelines

- Always use the Forster neck sizing bushings with Forster Precision Plus Bushing Bump Dies only.
- Do not attempt to interchange these bushings with other brands, as this may lead to unsafe conditions or product failure.
- Ensure that the bushings are stored in a dry and clean environment to prevent any damage.
- Keep the bushings out of reach of children and vulnerable individuals to avoid accidental injury.

Specific Safety Precautions for Use

- Inspect the bushings for any visible damage before each use. Do not use if damaged.
- Always wear appropriate safety gear, including eye protection, when using the bushings.
- Avoid using excessive force during installation and operation to prevent injury or damage to the equipment.
- Make sure to follow the manufacturer's specifications regarding the size and type of bushing to be used.

Instructions for Installation and Usage

1. Preparation:

- Ensure that you have the correct Forster Precision Plus Bushing Bump Die that matches the bushing size (.343 diameter).
- Gather all necessary tools and safety equipment.

2. Installation:

- Carefully insert the bushing into the die, ensuring it is seated properly.
- Tighten any screws or fittings as per the manufacturer's instructions to secure the bushing in place.

3. Usage:

- Follow the specific instructions for your Forster Precision Plus Bushing Bump Die to ensure correct operation.
- Monitor the bushing during use for any signs of wear or damage.
- If you experience unusual resistance or noise, stop using the equipment immediately and inspect the bushing.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not throw bushings in regular household waste. Instead, check for recycling options or designated disposal facilities.
