

CASE TRIMMER POWER ADAPTOR - REDDING CASE TRIMMER POWER ADAPTOR

[Reloading](#) > [Case Preparation](#) > [Case Trimming](#) > [Trimmer Accessories](#)

Redding's collet style trimmer is unique in that the case turns while the cutter remains stationary (like a lathe works). The trimmer is built around a cast iron frame and is long enough to handle all of the new long action cartridges. The TiN coated cutter produces clean and accurate cuts. The universal collet fits all popular rifle and pistol cases, eliminating the need to buy other sizes. The trimmer comes with 6 pilots; .22 cal, 6mm, .25 caliber, .277 caliber, 7mm, and .30 caliber. It also comes with two neck cleaning brushes (.22 thru .30 caliber) and large and small primer pocket cleaners. Pilots for additional calibers are available.

CASE TRIMMER POWER ADAPTOR Safety Instructions

Introduction

Thank you for choosing the Redding Case Trimmer Power Adaptor. This guide provides important safety instructions to ensure the safe and effective use of your trimmer. Please read and follow these guidelines carefully to avoid potential hazards.

General Safety Guidelines

- Ensure that the trimmer is used in a wellventilated area to avoid inhalation of dust and debris.
- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when operating the trimmer.
- Keep the work area clean and organized to prevent accidents.
- Do not use the trimmer for any purpose other than its intended use.
- Ensure that all electrical connections are secure and that the power source matches the specifications of the trimmer.
- Be aware of your surroundings and keep bystanders at a safe distance while operating the trimmer.

Specific Safety Precautions for Use

- Do not attempt to modify or alter the trimmer in any way.
- Always disconnect the power supply before changing the cutter or cleaning the trimmer.
- Avoid wearing loose clothing or jewelry that could become caught in moving parts.
- Be cautious when handling the cutter, as it is sharp and can cause injury.
- If you experience any unusual noises or vibrations during operation, stop using the trimmer immediately and check for issues.
- Keep children and pets away from the trimmer while in use.

Instructions for Installation and Usage

1. Installation:

- Place the trimmer on a stable, flat surface.
- Ensure that the power adaptor is compatible with your electrical outlet.
- Connect the power adaptor to the trimmer and plug it into the power source.

2. Usage:

- Select the appropriate pilot for the case you are trimming.
- Insert the case into the collet and secure it firmly.
- Turn on the power supply and allow the cutter to reach full speed.
- Gently feed the case into the cutter, ensuring that it is aligned properly.
- Once the trimming is complete, turn off the power supply and disconnect the adaptor.
- Remove the trimmed case from the collet and inspect the cut for accuracy.

Disposal Instructions

- Dispose of any packaging materials in accordance with local regulations.
- For the trimmer itself, follow local electronic waste disposal guidelines to ensure environmentally safe disposal.
- Do not dispose of the trimmer in regular household waste.

Contact Information for Further Support

For any inquiries or concerns regarding the safety and use of the Redding Case Trimmer Power Adaptor, please reach out to the designated EU contact point for assistance.

Conclusion

By following these safety instructions, you can ensure a safe and effective experience with your Redding Case Trimmer Power Adaptor. Always prioritize safety and consult this guide whenever you have questions about the operation or maintenance of your trimmer. Thank you for your attention to these important safety guidelines.
