

BULLET PULLER COLLET - RCBS 25 CALIBER BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

BULLET PULLER COLLET RCBS 25 CALIBER Safety Instruction Guide

Introduction

Thank you for choosing the BULLET PULLER COLLET RCBS 25 CALIBER. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the bullet puller to minimize risks and enhance your safety.

General Safety Guidelines

- Ensure that the bullet puller is used in accordance with the manufacturer's instructions.
- Always wear appropriate safety gear, including eye protection, when using the bullet puller.
- Keep the bullet puller out of reach of children and vulnerable individuals.
- Inspect the bullet puller for any damage before use. Do not use if damaged.
- Store the bullet puller in a cool, dry place away from direct sunlight and moisture.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- This bullet puller is designed for use with jacketed bullets ranging from .17 caliber to 50 caliber. Only use the appropriate collet for your bullet size (order collets separately).
- Do not use this bullet puller with rimfire ammunition.
- Ensure that the bullet puller is securely attached to a compatible 7/814 single stage reloading press before use.
- Avoid placing hands or fingers near the working area of the bullet puller during operation.
- Do not exceed the recommended caliber limits when using the bullet puller.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is turned off and unplugged (if applicable).
- Select the appropriate collet for the caliber of the bullet you wish to pull.
- Insert the collet into the puller body securely.
- Attach the bullet puller to your 7/814 single stage reloading press, ensuring it is firmly secured.

2. Usage:

- Place the cartridge with the bullet you wish to pull into the collet.
- Engage the press handle to activate the bullet puller. Ensure that your hands are clear of the working area.
- Once the bullet is pulled, carefully remove the cartridge casing and bullet from the collet.
- Inspect the bullet for any damage before further use or disposal.

3. PostUse:

- Clean the bullet puller after use to maintain its condition.
- Store the bullet puller and any collets in a safe location.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the bullet puller in regular household waste. Check for local recycling programs or hazardous waste disposal options.

Contact Information for Further Support

For any safety inquiries or further support regarding the BULLET PULLER COLLET RCBS 25 CALIBER, please consult your retailer or the manufacturer's official website for assistance.

Thank you for your attention to these safety instructions. By following these guidelines, you can ensure a safe and effective experience with your bullet puller.
