

# BULLET PULLER COLLET - RCBS 270 CALIBER BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

# Safety Instruction Guide for BULLET PULLER COLLET RCBS 270 CALIBER

## Introduction

Thank you for choosing the BULLET PULLER COLLET RCBS 270 CALIBER. This product is designed for safely removing jacketed bullets from various calibers using the appropriate collet. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

## General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that you are using the correct collet for the caliber of the bullet you are pulling.
- Do not use this bullet puller for rimfire ammunition.
- Keep the product out of reach of children and vulnerable groups.
- Report any unsafe conditions or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Inspect the product before each use to ensure it is in good working condition.
- Do not attempt to modify or repair the bullet puller yourself.
- Always wear appropriate safety gear, including eye protection, when using the bullet puller.
- Do not exceed the maximum caliber capacity of the bullet puller.
- Always ensure that the bullet puller is securely attached to the reloading press before use.
- Avoid using excessive force when pulling bullets to prevent damage to the product or injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and safety equipment.
- Ensure you have the correct collet for the bullet caliber you intend to pull.

### 2. Installation:

- Remove any existing collet from the bullet puller body.
- Select the appropriate collet for 270 caliber and install it securely into the puller body.
- Attach the bullet puller to a compatible 7/814 single stage reloading press.

### 3. Usage:

- Place the bullet into the collet, ensuring it is properly seated.
- Engage the press handle slowly and steadily to pull the bullet from the cartridge case.
- Once the bullet is removed, release the pressure and carefully detach the bullet puller from the press.
- Inspect the bullet and collet for any damage before storing.

### 4. PostUse:

- Clean the bullet puller after each use to maintain its condition.
- Store the bullet puller and collets in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of any damaged or unusable parts in accordance with local regulations.
- Do not dispose of the bullet puller in regular household waste.
- Check with local waste management authorities for proper disposal methods for tools and equipment.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the BULLET PULLER COLLET RCBS 270 CALIBER, please refer to the manufacturer's contact points available on their official website or product packaging.

Thank you for prioritizing safety while using the BULLET PULLER COLLET RCBS 270 CALIBER. Your adherence to these guidelines ensures a safer experience for all users.
