## **Sizing Die Decapping Unit 3006 Springfield**

### **Introduction**

Thank you for choosing the Forster Products Sizing Die Decapping Unit for your reloading needs. This guide provides important safety instructions, usage guidelines, and disposal information to ensure your safety and the optimal performance of the product. Please read this manual carefully before using the product.

### **General Safety Guidelines**

- Ensure that all reloading equipment is used in a wellventilated area.
- Always wear appropriate safety gear, including safety glasses and gloves, when using reloading tools.
- Keep the workspace clean and organized to prevent accidents.
- Store all reloading components, including this decapping unit, out of reach of children and pets.
- Regularly inspect the decapping unit for any signs of wear or damage before each use.
- Follow the manufacturer's instructions for all components and tools used in the reloading process.

### **Specific Safety Precautions for Use**

- Only use the decapping unit with the appropriate Forster Full Length and Neck Sizing Dies.
- Ensure that the decapping pin is securely attached before use.
- Do not attempt to modify or alter the decapping unit in any way.
- Avoid direct contact with the expander ball during operation to prevent injury.
- If you experience any difficulty or resistance while using the decapping unit, stop immediately and inspect for obstructions or damage.
- Always handle brass cases with care to avoid sharp edges that may cause injury.

### **Instructions for Installation and Usage**

#### **1. Installation**

- Remove the decapping unit from its packaging.
- Ensure that the decap rod, spindle bushing, lock nut, expander ball, and decapping pin are included.
- Install the decapping assembly into the Forster Full Length or Neck Sizing Die according to the manufacturer's instructions.

#### **2. Usage**

- Prepare your brass cases by ensuring they are clean and free of debris.
- Insert the brass case into the sizing die.
- Gently lower the ram of your reloading press to engage the decapping unit.
- Apply consistent pressure until the decapping process is complete.
- Inspect the decapped brass cases for any damage before proceeding with further reloading steps.

### **Disposal Instructions**

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the decapping unit in regular household waste.
- Consider recycling options for metal components where available.

## Contact Information for Further Support

For any inquiries or additional support regarding the Forster Products Sizing Die Decapping Unit, please refer to the manufacturer's official website or contact their customer service directly.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Forster Products Sizing Die Decapping Unit. Thank you for prioritizing safety in your reloading practices.
