

BULLET PULLER COLLET - RCBS 20 CALIBER BULLET PULLER COLLET

[Reloading](#) > [Case Preparation](#) > [Bullet Pullers](#)

This collet type bullet puller from RCBS will pull jacketed bullets from .17 caliber through 50 caliber with the appropriate collet (order collets separately from chart) installed in the puller body. Puller can be used in any 7/8-14 single stage reloading press. RCBS states that the collets do not damage jacketed bullets. Not for rimfire ammunition.

Safety Instruction Guide for BULLET PULLER COLLET RCBS 20 CALIBER

Introduction

Thank you for choosing the BULLET PULLER COLLET RCBS 20 CALIBER. This product is designed to safely and effectively pull jacketed bullets from .17 caliber through .50 caliber with the appropriate collet installed. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Ensure that you are familiar with the operation of your reloading press before using the bullet puller.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling ammunition and reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store this product in a dry, secure location out of reach of children.
- Do not use the bullet puller for rimfire ammunition or any other type of ammunition not specified for use with this product.
- Report any unsafe conditions or accidents to the relevant authorities.
- Regularly check for product recalls or safety updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always ensure that the bullet puller is securely attached to the reloading press before use.
- Verify that you have the correct collet for the caliber of the bullet you intend to pull.
- Do not use excessive force when operating the bullet puller, as this may damage the product or cause injury.
- Inspect the bullet puller and collet for any signs of wear or damage before each use.
- If the bullet puller does not function as intended, discontinue use immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the bullet puller, the appropriate collet, and your reloading press.
- Ensure that the reloading press is unplugged or in a safe position.

2. Installing the Collet:

- Select the correct collet for the bullet caliber you are working with.
- Insert the collet into the bullet puller body, ensuring it is firmly in place.

3. Attaching the Bullet Puller to the Press:

- Securely attach the bullet puller to the 7/814 single stage reloading press.
- Ensure that the puller is tightened and stable before proceeding.

4. Using the Bullet Puller:

- Place the cartridge you wish to pull into the collet.

- Operate the reloading press according to its instructions, applying steady pressure to pull the bullet from the cartridge.
- Once the bullet is removed, carefully release the pressure and remove the cartridge case from the collet.

5. PostUse Care:

- Clean the bullet puller and collet after each use to maintain functionality.
- Store the bullet puller and collets in a secure location.

Disposal Instructions

- Dispose of any damaged or wornout collets and bullet pullers in accordance with local regulations.
- Do not dispose of ammunition or components in regular waste. Follow local guidelines for hazardous materials.

Contact Information for Further Support

For any inquiries or concerns regarding the BULLET PULLER COLLET RCBS 20 CALIBER, please refer to the manufacturer's website or customer service for assistance.

By following these safety instructions, you can ensure a safe and effective experience with your BULLET PULLER COLLET RCBS 20 CALIBER. Thank you for prioritizing safety in your reloading practices.
