Safety Instruction Guide for Forster Products, Inc. Sizing Die Decapping Unit .223 Rem

Introduction

Thank you for choosing the Forster Products, Inc. Sizing Die Decapping Unit for your reloading needs. This guide provides essential safety instructions to ensure the safe use of your decapping unit. Please read this guide carefully before use and keep it for future reference.

General Safety Guidelines

- Ensure that the decapping unit is used only for its intended purpose as described in this guide.
- Always wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment.
- Keep the decapping unit out of reach of children and unauthorized users.
- Regularly inspect the decapping unit for any signs of wear or damage before each use.
- Do not modify or alter the decapping unit in any way; doing so may compromise safety.
- If you encounter any issues or malfunctions, discontinue use immediately and seek assistance.

Specific Safety Precautions for Use

• Hazard Identification:

- The decapping unit involves the handling of sharp components that can cause injury.
- Improper use may lead to damage to the unit or personal injury.

• Avoiding Hazards:

- Always ensure the decapping pin is correctly installed before use.
- Handle the decapping rod and other components with care to avoid cuts or punctures.
- Do not use excessive force when operating the decapping unit; this may lead to breakage or injury.
- Ensure that the work area is clean and free of clutter to prevent accidents.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18. Ensure that all users are trained and supervised by an adult.

Instructions for Installation and Usage

1. Installation:

- Begin by ensuring that your Forster Full Length or Neck Sizing Die is securely mounted in your reloading press.
- Remove any existing decapping assembly from the die.
- Take the new decapping assembly and insert the decap rod into the die.
- Secure the spindle bushing and lock nut to hold the decap rod in place.
- Attach the expander ball and ensure the correct decapping pin is in place.

2. Usage:

- Verify that the work area is clear and that you have all necessary safety equipment on.
- Place the cartridge case in the reloading press.

- Operate the press to decap the cartridge case, applying steady and controlled pressure.
- After decapping, inspect the cartridge case and ensure that it is free from any obstructions or damage.
- Clean the decapping unit after use to maintain its performance and longevity.

Disposal Instructions

- Dispose of any damaged or worn components of the decapping unit in accordance with local regulations.
- Do not dispose of the decapping unit in regular household waste. Check local guidelines for proper disposal of metal and plastic components.

Contact Information for Further Support

For any safety inquiries or further support regarding the Forster Sizing Die Decapping Unit, please refer to the EU-based contact point provided by the manufacturer or consult the product packaging for additional resources.

By following these safety instructions, you can ensure a safe and effective reloading experience with your Forster Products, Inc. Sizing Die Decapping Unit. Thank you for your attention to safety, and happy reloading!
