

# DEBURRING TOOL FOR VLD BULLETS - RCBS VLD DEBURRING TOOL BLACK

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

The increasing popularity of VLD (Very Low Drag) bullets has led RCBS® to offer a 22-degree VLD Deburring Tool. The angle allows the bullet to be seated into the case without damaging the boat-tail and ruining accuracy. The tool can be used as is, attached to a RCBS Accessory Handle or mounted on the Trim Mate Case Prep Center. RCBS TOOLS ENSURE YOUR CASES ARE AS CONSISTENT AS POSSIBLE TO GET YOU THE BEST RESULTS. It's all about consistent case preparation when it comes to crafting the finest handloads possible. RCBS has numerous tools to help you clean, measure, lubricate, trim, chamfer, and deburr your cases to perfection. RCBS: PRECISIONEERED RELOADING RCBS has dedicated itself to the craft of handloading ammunition since it was founded in 1943. RCBS is the leading manufacturer of reloading equipment for rifles and pistols. Reloading is an exact process with tight tolerances. It requires precision and skill to be done correctly. That's why RCBS makes state-of-the-art products all are backed by RCBS's industry-leading reputation.

# DEBURRING TOOL FOR VLD BULLETS SAFETY INSTRUCTIONS

## Introduction

Thank you for choosing the RCBS VLD Deburring Tool. This product is designed to enhance your reloading experience by ensuring precision and consistency in your ammunition preparation. To ensure safe and effective use of this tool, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always read and understand the product manual before using the tool.
- Ensure that the tool is used in a wellventilated area to avoid inhalation of dust or debris.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of wear or damage before use.
- Use the tool only for its intended purpose as described in the manual.
- Follow all local laws and regulations regarding ammunition reloading and handling.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tool.
- Ensure that your workspace is clean and organized to prevent accidents.
- Do not force the tool; if it does not operate smoothly, check for obstructions or damage.
- Handle the tool with care to avoid cuts or injuries from sharp edges.
- Avoid distractions while using the tool to maintain focus and safety.

## Instructions for Installation and Usage

### 1. Installation:

- If using the tool with an RCBS Accessory Handle, securely attach the deburring tool to the handle.
- If mounting on the Trim Mate Case Prep Center, follow the manufacturer's instructions for proper installation.

### 2. Usage:

- Hold the case firmly while deburring to ensure stability.
- Insert the bullet into the deburring tool and gently rotate to achieve a smooth edge.
- Do not apply excessive force; let the tool do the work to maintain accuracy and prevent damage.
- After use, clean the tool and store it in a safe location.

## Disposal Instructions

- Dispose of any damaged or worn tools in accordance with local regulations.
- Recycle materials where possible to minimize environmental impact.
- Do not throw the tool in regular waste; check for local recycling programs that accept metal tools.

## Contact Information for Further Support

For any safety inquiries or further assistance regarding the RCBS VLD Deburring Tool, please refer to the contact information provided with the product packaging or visit the official RCBS website.

By following these safety instructions, you can ensure a safe and effective experience with the RCBS VLD Deburring Tool. Always prioritize safety and precision in your reloading activities.
