

# losso Case Polish - IOSSO PRODUCTS IOSSO CASE POLISH - 8 OZ.

[Reloading](#) > [Case Cleaning](#) > [Tumbling Media & Additives](#)

losso Case Polish cleans and polishes brass casings to a high luster. The polish removes powder fouling, residue, oxidation, tarnish, and discoloration. losso Case Polish leaves the casings with a highly polished look, and keeps them from tarnishing for a long time. You can also use the polish on casings that have been pre-cleaned with losso Case Cleaner. Add losso Case Polish to the media before tumbling. Add two tablespoons per pound of untreated media, or one tablespoon per pound of pretreated media and tumble cases for about one hour. Heavily tarnished or dirty cases will need longer tumbling time. Now USDA Certified Bio-Based Formula. No petroleum distillates, no odor or VOC.

# IOSSO Case Polish Safety Instruction Guide

## Introduction

Thank you for choosing IOSSO Case Polish. This product is designed to effectively clean and polish brass casings. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure the product is used in accordance with the instructions provided.
- Keep the product out of reach of children and pets.
- Do not ingest or inhale the product. If accidental ingestion occurs, seek medical attention immediately.
- Use the product in a wellventilated area to avoid inhaling any fumes.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water and seek medical assistance if irritation persists.
- Store the product in a cool, dry place, away from direct sunlight and heat sources.

## Specific Safety Precautions for Use

- Always wear protective gloves and eyewear when handling the product.
- Do not mix with other cleaning agents or chemicals, as this may cause harmful reactions.
- Ensure that the work area is clean and free from flammable materials before using the polish.
- Use only as directed. Do not exceed recommended amounts.
- If you experience any adverse reactions, discontinue use immediately and consult a healthcare professional.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that brass casings are free from major debris before applying the polish.
- For best results, preclean casings with IOSSO Case Cleaner if heavily soiled.

### 2. Application:

- Add IOSSO Case Polish to the media before tumbling.
- Use two tablespoons of polish per pound of untreated media or one tablespoon per pound of pretreated media.
- Tumbling time should be approximately one hour. Heavily tarnished or dirty cases may require longer tumbling time.

### 3. PostUse:

- After tumbling, remove the casings from the media and inspect for desired polish level.
- Store any unused polish in its original container, tightly sealed.

## Disposal Instructions

- Dispose of any unused product and empty containers in accordance with local regulations.
- Do not pour the product down drains or dispose of it in the environment.
- Check with local waste management authorities for specific disposal recommendations.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to your local regulatory authority or safety contact point.

Please ensure that you have read and understood these safety instructions before using IOSSO Case Polish. Your safety and satisfaction are our top priorities.
