

# GRAPHITER - FORSTER PRODUCTS, INC. CASE NECK GRAPHITER

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

The Forster Case Graphiter is a great way to reduce expander ball friction in your case necks. Three brushes mount to the Case Graphiter base and accommodate 22 to 35 caliber. By moving your cases up and down on a brush, the neck is cleaned and lubricated at the same time. Minimizes case stretching and distortion. The Forster Case Graphiter includes enough motor mica to process 2,000 to 3,000 cases. Mica refills are available (FX1-R)

# Consumer Safety Instruction Guide for Forster Case Graphiter

## Introduction

Thank you for choosing the Forster Case Graphiter. This product is designed to help you clean and lubricate your case necks effectively while reducing friction. To ensure a safe and enjoyable experience, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Ensure that the Forster Case Graphiter is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Always inspect the product for damage before use. Do not use if damaged.
- Follow all instructions provided in this guide to minimize hazards.
- Report any unsafe conditions or accidents to relevant authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Electrical Safety:**
  - Ensure that the power source matches the specifications of the Forster Case Graphiter.
  - Do not operate the product with wet hands or in damp environments.
  - Unplug the device when not in use or before cleaning.
- **Mechanical Safety:**
  - Keep fingers and loose clothing away from moving parts during operation.
  - Do not attempt to modify or repair the product yourself.
- **Material Safety:**
  - Use only the recommended motor mica (FX1R) for lubrication.
  - Avoid inhaling mica dust. Use the product in a wellventilated area.
- **Environmental Safety:**
  - Do not dispose of the product in regular household waste. Follow disposal instructions below.

## Instructions for Installation and Usage

### 1. Installation:

- Place the Forster Case Graphiter on a stable, flat surface away from children and pets.
- Ensure that the power cord is securely connected to an appropriate power source.

### 2. Using the Forster Case Graphiter:

- Select the appropriate brush for your case caliber (22 to 35 caliber).
- Insert the cases into the brush holder.
- Move the cases up and down on the brush to clean and lubricate the neck simultaneously.
- Monitor the process to ensure proper operation and avoid overloading the brushes.

### **3. After Use:**

- Unplug the device from the power source.
- Clean the brushes and the base with a dry cloth to remove any residue.
- Store the Forster Case Graphiter in a dry place, away from direct sunlight.

## **Disposal Instructions**

- Dispose of the Forster Case Graphiter in accordance with local regulations for electrical and electronic equipment.
- Recycle any packaging materials where possible.
- Do not dispose of mica or other lubricants in the environment. Follow local guidelines for hazardous materials.

## **Contact Information for Further Support**

For any safety inquiries or support related to the Forster Case Graphiter, please refer to the manufacturer's contact information provided with your product packaging.

By following these safety instructions, you can ensure a safe and effective experience with your Forster Case Graphiter. Thank you for your attention to these important guidelines.
