

HEAVY DUTY POLY LOADING BLOCKS - SINCLAIR INTERNATIONAL

6.5X284 WIN HEAVY-DUTY LOADING BLOCK

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

These blocks are machined from solid white polyethylene providing the reloader with a very durable, easy to clean loading block. Each block is machined to fit the specific cases you reload and has finger grooves machined into the sides to provide a sure grip. Each hole has a slight chamfer for easy case head entry. The "Poly" blocks are dishwasher safe for easy cleaning. We use white polyethylene because spilled powder shows up easily. These 50 round blocks are 1" thick to provide deeper holes for your cases to sit in, great for medium and long length cartridges. The #749-001-844 block only has 32 holes due to the case head size.

Attributes

- Name: [SINCLAIR INTERNATIONAL 6.5X284 WIN HEAVY-DUTY LOADING BLOCK](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749001872
- Mfr. No.: 08-4190
- Cartridge: 284 Winchester
- Material: Poly
- Rounds Held: 50
- Delivery weight: 0.34kg
- Shipping height: 25mm
- Shipping width: 102mm
- Shipping length: 198mm

Safety Instruction Guide for HEAVY DUTY POLY LOADING BLOCKS

Introduction

Thank you for choosing the HEAVY DUTY POLY LOADING BLOCKS from Sinclair International. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read all sections carefully before using the loading blocks.

General Safety Guidelines

- Ensure that the loading blocks are used in a wellventilated area.
- Keep the loading blocks out of reach of children and pets.
- Regularly inspect the loading blocks for any signs of wear or damage before use.
- Do not use the loading blocks for any purpose other than their intended use.
- Always follow proper reloading practices and guidelines as provided by your reloading equipment manufacturer.

Specific Safety Precautions for Use

- Avoid placing excessive weight on the loading blocks to prevent deformation.
- Do not expose the blocks to extreme temperatures or direct sunlight for extended periods.
- Clean the blocks regularly to prevent the buildup of debris or contaminants.
- Ensure that all cases are properly seated in the holes to avoid accidental spills or misfires.
- If using cleaning products, ensure they are safe for use on polyethylene materials.

Instructions for Installation and Usage

1. Placement:

- Place the loading block on a stable, flat surface to ensure it does not tip over during use.

2. Loading Cases:

- Insert the cases into the designated holes, ensuring they fit snugly.
- Use the finger grooves to maintain a secure grip while loading the cases.

3. Cleaning:

- After use, clean the loading blocks with warm soapy water or place them in the dishwasher for easy cleaning.
- Rinse thoroughly to remove any soap residue and allow to dry completely before storing.

4. Storage:

- Store the loading blocks in a cool, dry place away from direct sunlight.
- Avoid stacking heavy items on top of the blocks to maintain their shape and integrity.

Disposal Instructions

- When disposing of the loading blocks, follow local regulations for plastic waste disposal.
- If the blocks are damaged beyond use, consider recycling them if facilities are available in your area.

Contact Information for Further Support

For any safety inquiries or concerns regarding the HEAVY DUTY POLY LOADING BLOCKS, please refer to the manufacturer's contact information provided with your product packaging.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with the HEAVY DUTY POLY LOADING BLOCKS. Always stay informed about product safety updates and recalls through the appropriate channels. Thank you for your attention to safety!
