

# Sinclair Bullet Drop Rod Set - SINCLAIR INTERNATIONAL BULLET DROP ROD SET

[Gunsmith Tools](#) > [Rifle Tools](#) > [Barrel Tools](#)

Sinclair Bullet Drop Rods are designed to remove bullets that are lightly stuck in the throat/rifling. The drop rods are dropped down the barrel from the muzzle end with the rifle standing upright. Sinclair Bullet Drop Rods are not designed to dislodge or knock out loaded (live) rounds. These are great to keep in your range box to use when a cleaning rod is not available. The Bullet Drop Rods can also be used to remove bullets used to determine seating depth with a Hornady or Sinclair Seating Depth Tool. Sinclair Drop Rods are brass and they will not harm stainless or chrome moly barrels. Each set includes two rods - a three sixteenths of an inch diameter rod for 20 caliber through 25 caliber bores, and one fourth inch diameter rod for 6.5 through 416 caliber bores.

# Sinclair Bullet Drop Rod Set Safety Instructions

## Introduction

Thank you for choosing the Sinclair Bullet Drop Rod Set. This product is designed to assist in safely removing bullets that may be lightly stuck in the throat or rifling of your firearm. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always handle firearms with care and respect.
- Ensure that the firearm is unloaded before using the Bullet Drop Rods.
- Keep the Bullet Drop Rod Set out of reach of children and vulnerable individuals.
- Regularly inspect the Bullet Drop Rods for any signs of wear or damage before use.
- If you notice any defects or issues, discontinue use immediately.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the Bullet Drop Rods to dislodge or knock out loaded (live) rounds.
- Ensure the rifle is standing upright when inserting the drop rods from the muzzle end.
- Use the appropriate diameter rod for the caliber of your firearm:
  - 3/16 inch diameter rod for 20 caliber through 25 caliber bores.
  - 1/4 inch diameter rod for 6.5 through 416 caliber bores.
- Avoid excessive force when using the drop rods to prevent damage to the firearm.
- Always wear appropriate safety gear, such as eye protection, when handling firearms.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is completely unloaded.
- Stand the rifle upright in a safe location.

### 2. Using the Bullet Drop Rods:

- Select the correct diameter rod for your firearm caliber.
- Carefully insert the drop rod into the muzzle end of the barrel.
- Gently push the rod down the barrel until it makes contact with the stuck bullet.
- Apply gentle pressure to dislodge the bullet. Avoid using excessive force.
- Once the bullet is removed, carefully extract the drop rod from the barrel.

### 3. PostUsage:

- Inspect the Bullet Drop Rods for any signs of damage.
- Clean the rods as necessary and store them in a safe location.

## Disposal Instructions

- Dispose of any damaged or worn Bullet Drop Rods in accordance with local regulations.
- Do not dispose of the Bullet Drop Rods in household waste. Instead, consider recycling options if available.

## **Contact Information for Further Support**

For any questions or concerns regarding the Sinclair Bullet Drop Rod Set, please refer to the manufacturer's contact details provided with the product packaging or visit the official website for additional support.

Thank you for prioritizing safety while using the Sinclair Bullet Drop Rod Set. Your adherence to these guidelines helps ensure a safe and enjoyable experience.
