

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.227

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.227](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001899
- Mfr. No.: 73227
- Diameter (in): .227
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732270

# **Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.227**

## **Introduction**

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.227. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the bushings.

## **General Safety Guidelines**

- Ensure that the product is used only for its intended purpose of resizing necks of cartridge cases.
- Keep the bushings out of reach of children and pets to prevent accidental injury.
- Inspect the bushings for damage before each use. Do not use if there are any visible defects.
- Follow all local laws and regulations regarding the use of reloading equipment and components.
- Report any unsafe products or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate personal protective equipment (PPE), including safety glasses, to protect your eyes from debris.
- Handle the bushings with care to avoid cuts or abrasions from sharp edges.
- Ensure that your reloading equipment is properly maintained and in good working condition before use.
- Use the bushings only with compatible reloading equipment and follow the manufacturer's guidelines for operation.
- Avoid using excessive force when resizing cases to prevent damage to the bushings or equipment.

## **Instructions for Installation and Usage**

### **1. Installation:**

- Ensure that the reloading press is turned off and unplugged before installation.
- Remove any existing bushings from the reloading die.
- Select the appropriate bushing size based on the last three digits of the part number (#RD73XXX).
- Insert the STEEL NECK BUSHING into the die and secure it according to the manufacturer's instructions.

### **2. Usage:**

- Prepare your cartridge cases by cleaning and inspecting them.
- Place a cartridge case into the reloading press.
- Apply consistent and even pressure to resize the neck of the cartridge case using the bushing.
- After resizing, remove the cartridge case and inspect it for proper sizing.
- Repeat the process for all cases as needed.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings according to local regulations for metal waste.
- Do not throw bushings in regular household trash; check for recycling options in your area.
- Ensure that all components are disposed of safely to prevent environmental harm.

## **Contact Information for Further Support**

For any questions or concerns regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.227, please refer to the manufacturer's website or contact their customer service for assistance.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.227. Thank you for your attention to safety, and happy reloading!
