

STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.297

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.297](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001959
- Mfr. No.: 73297
- Diameter (in): .297
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732973

Safety Instructions for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.297

Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.297. This product is designed to provide highquality performance for your sizing needs. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used for its intended purpose only.
- Always check the product for any signs of damage before use. Do not use if damaged.
- Keep the product out of reach of children and vulnerable individuals.
- Use appropriate personal protective equipment (PPE) such as gloves and safety glasses during handling and installation.
- Follow all local regulations regarding the use and disposal of this product.

Specific Safety Precautions for Use

- **Hazard Identification:**

- Risk of injury from sharp edges or points.
- Potential for equipment malfunction if not used correctly.

- **Avoiding Hazards:**

- Handle the bushings carefully to avoid cuts or punctures.
- Ensure that all tools used in conjunction with the bushings are in good condition and suitable for the task.
- Do not exceed the recommended sizing diameters to prevent damage to the bushing or your equipment.

- **AgeSpecific Warnings:**

- This product is not suitable for use by children. Keep out of reach of minors.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and safety equipment before beginning the installation process.
- Ensure that your work area is clean and free of hazards.

2. Installation:

- Select the appropriate bushing size from the range of .185" to .368".
- Insert the bushing into the sizing die following the manufacturer's instructions.
- Ensure a secure fit to prevent any movement during operation.

3. Usage:

- Follow the recommended sizing procedure for your specific application.

- Monitor the bushing for wear and replace it if you notice any signs of damage or excessive wear.
- Always store the bushings in a dry place when not in use.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste. Instead, consider recycling options if available.
- Ensure that the product is completely discarded to prevent accidental use by untrained individuals.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.297, please reach out to the appropriate contact point provided on the product packaging or the manufacturer's website.

Conclusion

By following these safety instructions, you can ensure the safe and effective use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.297. Always prioritize safety and consult the appropriate resources for any questions or concerns regarding this product. Thank you for your attention to these important safety guidelines.
