

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.300

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.300](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001962
- Mfr. No.: 73300
- Diameter (in): .300
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733000

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.300

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.300. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide thoroughly before using the bushings.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for signs of wear or damage before each use.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), such as safety glasses and gloves, when handling and using the bushings.
- Avoid using the bushings if they are damaged or show signs of excessive wear.
- Ensure that the bushings are properly sized for your specific application to prevent mishaps.
- Do not exceed the recommended sizing diameters to reduce the risk of injury or damage to the equipment.
- Follow all manufacturer instructions regarding the use and maintenance of the bushings.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your workspace is clean and free of obstructions.
- Gather all necessary tools and equipment before starting the installation.

### 2. Installation:

- Select the appropriate bushing size based on your requirements (ranging from .185" to .368" in .001" increments).
- Carefully insert the bushing into the designated area of your reloading equipment.
- Ensure that the bushing fits snugly and securely without any gaps.

### 3. Usage:

- Follow the reloading equipment's instructions for operation while using the bushings.
- Regularly monitor the bushing during use to ensure it is functioning correctly.
- If you encounter any issues, stop using the bushing immediately and inspect for damage.

## Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste. Check for designated recycling or hazardous

waste disposal facilities in your area.

## **Contact Information for Further Support**

For assistance or inquiries regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.300, please refer to the manufacturer's contact information provided with your product.

By following these safety instructions, you can ensure a safer experience while using the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.300. Thank you for prioritizing safety.
