

STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.313

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.313](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001968
- Mfr. No.: 73313
- Diameter (in): .313
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733130

Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.313

Introduction

Thank you for purchasing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.313. This product is designed for precision reloading applications and is made from heattreated steel to ensure durability and performance. To ensure your safety and the safe use of this product, please read and follow the guidelines outlined in this manual.

General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Keep the bushings out of reach of children and unauthorized users.
- Regularly inspect the bushings for any signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

Specific Safety Precautions for Use

- Ensure the bushing is compatible with your reloading equipment before use.
- Do not exceed the recommended sizing diameters to avoid damage to your equipment.
- Use protective eyewear when handling or using the bushings to prevent injury.
- Avoid using the bushings if they show signs of damage or excessive wear.
- Handle the bushings with care to prevent accidental drops or impacts.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and equipment for reloading.
- Ensure your work area is clean and free from distractions.

2. Installation:

- Select the appropriate bushing size based on the last three digits of the part number (#RD73XXX).
- Insert the bushing into the resizing die according to the manufacturer's instructions.
- Ensure the bushing is securely in place before proceeding.

3. Usage:

- Follow the reloading procedure specific to your equipment.
- Monitor the sizing process closely to ensure consistent results.
- After use, remove the bushing from the die and clean it to maintain its performance.

Disposal Instructions

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not incinerate or dispose of bushings in a manner that could harm the environment.
- Consider recycling options for metal components where available.

Contact Information for Further Support

For further assistance or inquiries regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.313, please consult the manufacturer's website or customer service channels.
