

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.323

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.323](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001973
- Mfr. No.: 73323
- Diameter (in): .323
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733239

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.323

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.323. This guide provides important safety instructions and guidelines to ensure the safe use of this product. Please read this document carefully before using the bushings to avoid any potential hazards.

## General Safety Guidelines

- Ensure that the bushings are used only for their intended purpose.
- Always inspect the bushings for any visible damage before use.
- Keep the bushings out of reach of children and vulnerable individuals.
- Follow all manufacturer instructions and recommendations for safe use.
- In case of any malfunction or damage, discontinue use immediately and report the issue.

## Specific Safety Precautions for Use

- **Hazard Identification:**

- The bushings are made of heat-treated steel and may have sharp edges. Handle with care to avoid cuts or injuries.
- Improper sizing or installation may lead to equipment failure or personal injury. Ensure proper sizing before use.

- **Avoiding Hazards:**

- Always wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when handling the bushings.
- Do not exceed the recommended sizing diameters to prevent damage to your equipment and ensure safety.
- Ensure that the bushings are securely fitted to avoid accidents during operation.

## Instructions for Installation and Usage

- **Installation:**

- Select the appropriate bushing size based on your requirements. Refer to the last three digits of the part number (#RD73XXX) for size identification.
- Clean the area where the bushing will be installed to ensure a proper fit.
- Carefully insert the bushing into the designated area, ensuring it is seated properly and securely.

- **Usage:**

- Use the bushings in accordance with the specifications provided by the manufacturer.
- Regularly check the bushings for wear and tear during use. Replace any damaged bushings immediately.
- Follow the recommended maintenance procedures to prolong the life of the bushings and ensure safe operation.

## **Disposal Instructions**

- Dispose of the bushings in accordance with local regulations.
- Do not dispose of the bushings in regular household waste if they are damaged or contain hazardous materials.
- Consider recycling the materials if possible, adhering to environmental guidelines.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.323, please refer to the manufacturer's contact details provided with the product packaging or on the official website.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure the safe and effective use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.323. Always prioritize safety and report any unsafe conditions or incidents to the relevant authorities. Thank you for your attention to these important safety measures.
