

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.325

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.325](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001975
- Mfr. No.: 73325
- Diameter (in): .325
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733253

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.325

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.325. This product is designed for precision and durability in your reloading activities. To ensure your safety and the optimal performance of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always handle the bushings with care to prevent injury.
- Ensure that you are using the bushings in accordance with the manufacturer's specifications.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for signs of wear or damage before use.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using this product.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Potential Hazards:**
  - Risk of injury from sharp edges.
  - Risk of improper sizing leading to malfunction of reloading equipment.
- **Instructions to Avoid Hazards:**
  - Handle the bushings carefully to avoid cuts.
  - Ensure that the bushings are properly sized for your specific application.
  - Do not exceed the recommended sizing diameters.
- **Agespecific Warnings:**
  - This product is intended for adult use only. Keep out of reach of children.

## Instructions for Installation and Usage

- **Installation:**
  1. Ensure that your reloading equipment is clean and free from debris.
  2. Select the appropriate bushing size based on your needs.
  3. Carefully insert the bushing into the designated area of your reloading equipment.
  4. Ensure that the bushing is securely in place before use.
- **Usage:**
  1. Follow the manufacturer's instructions for operating your reloading equipment.
  2. Monitor the sizing process closely to ensure that it remains within the specified limits.
  3. If you notice any unusual sounds or resistance, stop using the equipment immediately and inspect the bushing.

- **PostUse Care:**

- Clean the bushings after each use to maintain their performance.
- Store the bushings in a dry, safe place away from children.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste. Instead, check with local recycling centers for appropriate disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.325, please refer to the manufacturer's contact points provided on the product packaging or documentation.

## **Conclusion**

By following these safety instructions, you can ensure safe and effective use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.325. Always prioritize safety and adhere to the guidelines outlined in this document. Thank you for your attention to these important safety measures.
