

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.339

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.339](#)
- Manufacturer: [REDDING](#)
- Product no.: 749001977
- Mfr. No.: 73339
- Diameter (in): .339
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733390

# **Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.339**

## **Introduction**

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.339. This guide provides important safety information and instructions to ensure the safe use of this product. Please read this guide carefully before using the bushings.

## **General Safety Guidelines**

- Ensure that the product is used only for its intended purpose, which is resizing cases for reloading ammunition.
- Always inspect the bushings for any signs of damage or wear before use.
- Keep the bushings out of reach of children and vulnerable individuals to prevent accidents.
- Follow all local laws and regulations regarding the use and storage of reloading equipment and components.
- Report any unsafe products or incidents to the appropriate authorities.

## **Specific Safety Precautions for Use**

- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Handle the bushings with care to avoid injury from sharp edges.
- Do not exceed the recommended sizing diameters to prevent damage to the bushing or the cases being resized.
- If you experience any difficulty during use, stop immediately and consult the manufacturer's guidelines or seek assistance.
- Ensure that the work area is welllit and free from clutter to prevent accidents.

## **Instructions for Installation and Usage**

### **1. Preparation:**

- Clean the bushings and ensure they are free from debris before installation.
- Verify that you have the correct bushing size for your application.

### **2. Installation:**

- Insert the bushing into the resizing die according to the manufacturer's instructions.
- Make sure the bushing is seated properly and securely in place.

### **3. Usage:**

- Adjust your reloading press to the correct settings for the bushing size you are using.
- Begin the resizing process, applying steady and even pressure.
- Monitor the process closely to ensure that everything operates smoothly.

### **4. PostUsage:**

- After use, clean the bushings to remove any residue or debris.
- Store the bushings in a safe, dry place away from children and pets.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local waste management regulations.
- Do not throw bushings in regular household trash if they are considered hazardous waste in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.339, please refer to the manufacturer's contact information provided on the packaging or product documentation.

By following these safety instructions and guidelines, you can ensure a safe and effective experience with your STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.339. Thank you for your attention to safety.
