

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.306

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.306](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002003
- Mfr. No.: 73306
- Diameter (in): .306
- Delivery weight: 0.045kg
- Shipping height: 3mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733062

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.306

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.306. This product is designed for precision sizing in reloading applications. To ensure safe and effective use, please read and follow the guidelines outlined in this safety instruction guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling or using the bushings.
- Keep the product out of reach of children and unauthorized users.
- Regularly inspect the bushings for signs of damage or wear before use.
- Do not modify the bushings in any way.
- Report any unsafe conditions or incidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Hazard Identification:**
  - Risk of injury from improper handling or use.
  - Potential for damage to the bushing if excessive force is applied during sizing.
- **Avoiding Hazards:**
  - Always follow the manufacturer's instructions for sizing.
  - Do not exceed the recommended sizing diameters.
  - Use the bushings with compatible reloading equipment only.
- **AgeSpecific Warnings:**
  - This product is not intended for use by individuals under the age of 18. Keep out of reach of children.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure that your reloading press is clean and in good working condition.
- Select the appropriate bushing size based on your reloading requirements.

### 2. Installation:

- Carefully install the bushing into the reloading die according to the manufacturer's instructions.
- Tighten the bushing securely to prevent movement during operation.

### 3. Usage:

- Insert the case into the reloading press and ensure it is properly aligned.
- Apply even pressure to resize the case, avoiding excessive force that could damage the bushing or equipment.
- After resizing, remove the case and inspect it for proper sizing.

#### **4. PostUsage Care:**

- Clean the bushings after use to remove any residue.
- Store the bushings in a dry, safe place to avoid damage.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of the product in regular household waste if it contains hazardous materials.
- Check with local waste management for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.306, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety guidelines and instructions, you can ensure a safe and effective experience with your STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.306. Thank you for your attention to these important safety measures.
