

STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.286

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.286](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002019
- Mfr. No.: 73286
- Diameter (in): .286
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732867

Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.286

Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.286. This guide provides essential safety information to ensure the safe use and handling of this product. Please read this guide carefully before using the bushings.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
- Keep the bushings out of reach of children and vulnerable individuals.
- Regularly inspect the bushings for any signs of wear or damage before use.
- Report any unsafe conditions or incidents to the appropriate authorities.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - The bushings may have sharp edges which can cause cuts.
 - Improper handling can lead to injuries.
- **Avoiding Hazards:**
 - Use caution when handling the bushings to prevent cuts or injuries.
 - Ensure that the bushings are securely fitted during use to avoid accidents.
 - Do not exceed the specified sizing diameters to prevent equipment failure.

Instructions for Installation and Usage

1. Installation:

- Ensure that the work area is clean and free of any obstructions.
- Select the appropriate bushing size based on your requirements (from .185" to .368" in .001" increments).
- Align the bushing correctly with the equipment to ensure a secure fit.
- Tighten the bushing using the appropriate tools, ensuring it is secure but not overtightened.

2. Usage:

- Use the bushings according to the manufacturer's guidelines.
- Monitor the bushing during use for any signs of wear or damage.
- If the bushing shows signs of wear, discontinue use immediately and replace it.

Disposal Instructions

- Dispose of the bushings in accordance with local regulations.

- Do not dispose of the bushings in regular household waste.
- Consider recycling options if available.

Contact Information for Further Support

For any safety inquiries or support regarding this product, please reach out to your local retailer or the manufacturer's customer service.

By following these safety instructions, you can ensure a safe and effective experience with the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.286. Thank you for your attention to safety!
