

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.287

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.287](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002020
- Mfr. No.: 73287
- Diameter (in): .287
- Delivery weight: 0.032kg
- Shipping height: 8mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732874

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.287

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.287. This product is designed to provide reliable performance in various applications. To ensure your safety and the proper usage of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product as intended.
- Ensure that the work area is clean and free of hazards before using the bushings.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when handling the bushings.
- Keep the bushings out of reach of children and pets.
- Regularly inspect the bushings for signs of wear or damage before use.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- **Handling:** Handle the bushings with care to avoid injury. Avoid dropping or throwing them.
- **Installation:** Ensure proper installation to prevent accidents. Follow the installation instructions carefully.
- **Sizing:** Only use bushings that are compatible with your equipment to avoid malfunction.
- **Surface Hardness:** Be cautious of the surface hardness (Rc 6062) when handling to prevent cuts or abrasions.
- **Storage:** Store the bushings in a dry, cool place away from direct sunlight and moisture.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment before starting the installation.
- Ensure your work area is welllit and organized.

### 2. Installation:

- Select the appropriate bushing size based on your requirements (sizes range from .185" to .368").
- Remove any existing bushings from the equipment.
- Clean the installation area to ensure a proper fit.
- Insert the new bushing into the designated area, ensuring it is seated correctly.
- Secure the bushing according to the manufacturer's specifications.

### 3. Usage:

- Once installed, operate your equipment according to the manufacturer's guidelines.
- Monitor the bushing during use for any signs of wear or malfunction.

### 4. PostUse:

- After use, inspect the bushing for any damage or wear.

- Clean the bushing according to the recommended cleaning procedures.

## **Disposal Instructions**

- Dispose of any damaged or worn bushings in accordance with local regulations.
- Do not dispose of bushings in regular household waste.
- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any safety inquiries or concerns regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.287, please reach out to the manufacturer's customer support. Ensure you have the product details available for reference.

By following these safety instructions, you can ensure a safe and effective experience with your STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.287. Thank you for your attention to safety.
