

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.294

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.294](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002022
- Mfr. No.: 73294
- Diameter (in): .294
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732942

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.294

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.294. This guide provides essential safety instructions to ensure the safe use and handling of this product. Please read through the entire document carefully before use.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always check for visible damage before use. Do not use if the bushing is damaged.
- Keep the bushings out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling the bushings to prevent injury.
- Ensure that the work area is clean and free of hazards to avoid accidents during installation and usage.
- Avoid exceeding the manufacturer's recommended sizing diameters to prevent equipment malfunction.
- Do not modify or alter the bushings in any way as this may compromise safety and functionality.
- If you experience any difficulty during use, stop immediately and consult the product guidelines or seek professional assistance.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment before starting the installation.
- Ensure that the work area is welllit and organized.

### 2. Installation:

- Select the appropriate bushing size based on the last three digits of the part number (#RD73XXX).
- Carefully insert the bushing into the appropriate equipment, ensuring a snug fit.
- Do not force the bushing into place as this may cause damage.

### 3. Usage:

- When using the bushing, apply even pressure to minimize sizing effort.
- Monitor the bushing for signs of wear or damage during use.
- If any issues arise, cease operation immediately and inspect the bushing.

## Disposal Instructions

- Dispose of any damaged or unusable bushings in accordance with local waste disposal regulations.
- Do not discard bushings in regular household waste if they are considered hazardous.

- Consider recycling options if available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.294, please refer to the manufacturer's contact point for assistance.

By following these safety instructions, you can ensure a safe and effective use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.294. Thank you for your attention to safety.
