

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.329

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.329](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002024
- Mfr. No.: 73329
- Diameter (in): .329
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760733291

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.329

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.329. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read this guide carefully before use to understand how to operate the product safely and effectively.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as specified in the product description.
- Always inspect the bushings for any signs of damage or wear before each use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidental injuries.
- Follow all local regulations and guidelines when using this product.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use personal protective equipment (PPE) such as gloves and safety goggles when handling the bushings to prevent injuries.
- Do not exceed the recommended sizing diameters to avoid damaging the bushings or the equipment being used.
- Ensure that the bushings are properly installed before use to prevent accidents or malfunctions.
- Avoid using the product in wet or damp conditions to reduce the risk of slipping or electrical hazards.
- Do not modify the bushings in any way, as this may compromise their safety and effectiveness.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment required for installation.
- Ensure that the workspace is clean and free of clutter.

### 2. Installation:

- Select the appropriate bushing size based on the last three digits of the part number (#RD73XXX).
- Carefully insert the bushing into the designated area of your equipment, ensuring a snug fit.
- Secure the bushing in place according to the manufacturer's instructions.

### 3. Usage:

- Once installed, operate the equipment as per the manufacturer's guidelines.
- Monitor the performance of the bushings during use; if you notice any unusual sounds or performance issues, stop using the equipment immediately.
- After use, remove the bushings carefully to avoid any damage.

## Disposal Instructions

- Dispose of the bushings in accordance with local waste disposal regulations.
- Do not dispose of the product in regular household waste if it is deemed hazardous.

- Consider recycling the material if applicable and available in your area.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and use of STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.329, please refer to the manufacturer's contact information provided in the product packaging.

Thank you for your attention to these safety instructions. Your safety is our priority.
