

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.243

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.243](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002027
- Mfr. No.: 73243
- Diameter (in): .243
- Delivery weight: 0.032kg
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732430

# STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.243 Safety Instruction Guide

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.243. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for signs of wear or damage.
- Always follow the manufacturer's instructions for use and maintenance.
- In case of any defects or concerns, discontinue use immediately and contact customer support.

## Specific Safety Precautions for Use

- Handle the bushings with care to avoid injury.
- Ensure that the bushing size is appropriate for your application to prevent malfunctions.
- Avoid using the bushings in conditions that exceed their specified limits (e.g., temperature or pressure).
- Do not modify the bushings or use them in a manner not specified by the manufacturer.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety glasses, when handling or using the product.

## Instructions for Installation and Usage

### 1. Selecting the Right Bushing Size:

- Identify the correct size needed for your application, referring to the last three digits of the part number (#RD73XXX).
- Sizes are available in increments of .001" from .185" to .368".

### 2. Installation:

- Ensure that the area is clean and free of debris before installation.
- Align the bushing properly with the corresponding equipment to prevent misalignment.
- Secure the bushing in place as per the equipment's installation manual.

### 3. Usage:

- Use the bushing within the specified sizing diameters of .185" to .368".
- Monitor the performance during use. If you notice any irregularities, stop using the product immediately.
- Follow all operational guidelines provided by the equipment manufacturer.

## Disposal Instructions

- Dispose of the product in accordance with local waste management regulations.
- Do not dispose of the product in regular household waste.
- If the product is damaged or no longer usable, consider recycling options where applicable.

## **Contact Information for Further Support**

For any safety inquiries or additional support regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.243, please refer to the manufacturer's contact details provided with the product packaging.

## **Conclusion**

Your safety is our priority. By following these guidelines, you can ensure the safe use of the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.243. Regularly check for updates and safety information, and do not hesitate to report any unsafe conditions or incidents. Thank you for your attention to safety.
