

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.293

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.293](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002039
- Mfr. No.: 73293
- Diameter (in): .293
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732935

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.293

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.293. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow these guidelines carefully to prevent accidents and injuries.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always inspect the bushing for any signs of damage before use.
- Keep the bushing out of reach of children and vulnerable individuals.
- Report any unsafe product experiences to the appropriate authorities.
- Stay informed about product recalls through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including gloves and eye protection, when handling the bushings.
- Avoid using the bushings with incompatible materials or equipment.
- Do not exceed the specified sizing diameters and increments.
- Handle the bushings with care to prevent drops or impacts that may cause damage.
- If you notice any irregularities during use, stop immediately and assess the situation.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that your workspace is clean and free of clutter.
- Gather all necessary tools and equipment before beginning installation.

### 2. Installation

- Select the appropriate bushing size based on your requirements.
- Carefully insert the bushing into the designated area, ensuring it is seated properly.
- If applicable, secure the bushing using the appropriate fasteners.

### 3. Usage

- Follow the manufacturer's guidelines for operating conditions.
- Monitor the bushing during use for any signs of wear or damage.
- If the bushing becomes difficult to operate, stop using it and inspect for issues.

### 4. PostUse Care

- Clean the bushing after use to remove any debris or contaminants.
- Store the bushing in a dry, safe location away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the bushing in accordance with local regulations.
- If the bushing is damaged or no longer usable, consider recycling options if available.
- Do not dispose of the bushing in regular household waste.

## **Contact Information for Further Support**

For any questions or safety inquiries regarding the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.293, please contact your local distributor or the manufacturer directly.

Thank you for your attention to these safety instructions. Your safety is our priority.
