

# STEEL NECK BUSHINGS - REDDING 73 STYLE STEEL BUSHING/.258

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Heat treated steel bushings. The sizing diameters are hand polished with a surface hardness of Rc 60-62 to reduce sizing effort. Bushings are available throughout the range of .185" thru .368" in .001" increments. The last three digits of the part (#RD73XXX) denotes bushing size. View other sizes: .185" to .250" .251" to .305" .306 to .368"

## Determining Redding Bushing Size

The proper bushing size can be easily determined by measuring the outside neck diameter of your loaded cartridges with a precision micrometer or a dial caliper. Then, simply subtract .001" from the cartridge that had the smallest average neck diameter. This diameter bushing will generally size case necks just enough to create the proper press fit for the bullet.

If you are using a Type "S" style die and not turning the outside of your case necks, we suggest using a bushing .002" smaller than your smallest average neck diameter, and using the expander ball included with your Type "S" die. This size bushing will still give you minimal sizing (maximizing the life of your brass) and the expander ball will insure that each cartridge has the same bullet grip.

Redding has found that when you have cases with neck wall thicknesses on the thin side of the SAAMI tolerance, your fired case will measure considerably larger (.006" to .010" larger) than your loaded rounds. In these circumstances, Redding's tests have shown that a bushing .001" larger (than the loaded round) may give you the desired bullet grip.

## Attributes

- Name: [REDDING 73 STYLE STEEL BUSHING/.258](#)
- Manufacturer: [REDDING](#)
- Product no.: 749002049
- Mfr. No.: 73258
- Diameter (in): .258
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 83mm
- Shipping length: 146mm
- UPC: 611760732584

# Safety Instruction Guide for STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.258

## Introduction

Thank you for choosing the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.258. This guide provides essential safety instructions to ensure the safe use of this product. Please read and follow all instructions carefully to minimize risks and ensure a safe experience.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Do not use the product if it appears to be damaged or defective.
- Follow all instructions provided in this guide to avoid potential hazards.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when handling or using the bushings.
- Avoid direct contact with sharp edges to prevent cuts or injuries.
- Ensure that the work area is clean and free of hazards before starting any work with the bushings.
- Do not exceed the sizing limits specified for the bushings to prevent equipment failure.
- Use proper tools and techniques when installing or removing the bushings to avoid injury.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and equipment before starting the installation.
- Ensure that the work area is welllit and organized.

### 2. Installation:

- Select the appropriate bushing size according to the specifications of your equipment.
- Carefully align the bushing with the designated area on your equipment.
- Gently insert the bushing, ensuring it fits snugly without excessive force.
- If resistance is met, stop and reassess the alignment before proceeding.

### 3. Usage:

- Use the bushings only in accordance with the manufacturer's guidelines.
- Monitor the performance of the bushings during use, checking for any signs of wear or damage.
- If any issues arise, cease use immediately and inspect the bushings.

### 4. PostUsage:

- Clean the bushings after each use to remove debris and contaminants.
- Store the bushings in a dry, safe place away from direct sunlight and moisture.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations for metal waste.
- Do not dispose of the bushings in regular household waste.
- If you are unsure about disposal methods, contact your local waste management authority for guidance.

## **Contact Information for Further Support**

For any inquiries regarding safety, usage, or support related to the STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.258, please refer to the contact information provided by your retailer or manufacturer.

By adhering to these guidelines, you can help ensure a safe and effective experience with your STEEL NECK BUSHINGS REDDING 73 STYLE STEEL BUSHING/.258. Thank you for your attention to safety.
