

# LOADING RAMPS - DAVIDSON LOADING RAMP - SHORT

[Magazines](#) > [Rifle Magazines](#) > [Magazine Parts](#) > [Magazine Followers](#)

Davidson loading ramps are designed to fill in the magazine cut-out on Remington 600's, Model 7's, and Model 700's when converting a rifle to feed as a single shot. Made from aluminum, these loading ramps are intended to be glued in for a permanent conversion to single shot. Shooters looking for a temporary single shot conversion should use a Score High Magazine Follower which inserts into your magazine on top of the existing magazine follower.

# Safety Instruction Guide for Davidson Loading Ramps

## Introduction

Thank you for choosing the Davidson Loading Ramp. This product is designed to assist in converting Remington 600's, Model 7's, and Model 700's to a single shot feeding mechanism. Please read this safety instruction guide carefully to ensure safe and effective use of the loading ramp.

## General Safety Guidelines

- Ensure that the loading ramp is used only with compatible rifle models (Remington 600, Model 7, Model 700).
- Always handle firearms with care and follow all manufacturer safety guidelines.
- Keep the loading ramp out of reach of children and unauthorized users.
- Regularly inspect the loading ramp for any signs of damage or wear before each use.
- If you notice any issues, discontinue use immediately and consult a professional.

## Specific Safety Precautions for Use

- Use only the recommended adhesive for securing the loading ramp to the magazine cutout.
- Ensure that the adhesive has fully cured before attempting to use the rifle.
- Do not modify the loading ramp or attempt to use it in a manner not specified in this guide.
- Avoid using the loading ramp in wet or humid conditions, as this may affect the adhesive bond.
- Always wear eye protection when handling or installing the loading ramp.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure that the rifle is unloaded and pointed in a safe direction.
- Gather the necessary tools and materials, including the loading ramp and adhesive.

### 2. Installation

- Clean the magazine cutout area thoroughly to remove any dirt or debris.
- Apply the recommended adhesive to the back of the loading ramp.
- Carefully position the loading ramp in the magazine cutout, ensuring a snug fit.
- Press firmly and hold in place for the time recommended by the adhesive manufacturer.
- Allow the adhesive to cure completely before using the rifle.

### 3. Usage

- Once the loading ramp is securely installed, check to ensure it is properly aligned.
- Load the rifle according to the manufacturer's instructions, ensuring that the loading ramp is functioning as intended.
- Always verify that the rifle is clear of obstructions before firing.

## Disposal Instructions

- Dispose of any unused adhesive and packaging materials in accordance with local regulations.
- If the loading ramp is damaged or no longer needed, dispose of it responsibly, ensuring it does not pose a hazard to others.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please refer to the manufacturer's contact points as indicated on the product packaging or official website.

By following these safety instructions, you can ensure a safe and effective experience with your Davidson Loading Ramp. Always prioritize safety and consult professionals if you have any doubts or questions regarding the use of this product.
