Safety Instruction Guide for TYPE S DECAPPING ASSEMBLIES

Introduction

Thank you for choosing the TYPE S Decapping Assembly by Redding. This product is designed to enhance your reloading experience for cartridges such as 260 Remington and 6.5/308 Winchester. To ensure safe and effective use of this product, please read and follow the safety instructions provided in this guide.

General Safety Guidelines

- Always use the product in accordance with the manufacturer's instructions.
- Ensure that the decapping assembly is compatible with your Type S full length sizing die or Type S neck sizing die.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the decapping assembly for any signs of wear or damage before use.
- Store the product in a dry, safe place to prevent any accidental damage or misuse.
- If you notice any unsafe conditions or malfunctions, discontinue use immediately and report the issue.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves while using the decapping assembly.
- Ensure that the work area is clean and free from distractions to maintain focus during use.
- Do not attempt to modify or alter the decapping assembly in any way.
- Avoid using the product with damaged or incompatible dies, as this may lead to accidents.
- Handle all components carefully to prevent injury or damage to the product.
- Be aware of the potential hazards associated with reloading, including the handling of primers and powder.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted.
- Remove the existing decapping assembly from your sizing die, if applicable.
- Insert the TYPE S Decapping Assembly into the sizing die, ensuring it is seated properly.
- Tighten the assembly according to the manufacturer's specifications, ensuring a secure fit.

2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for any defects.
- Insert the cartridge case into the sizing die, ensuring it is positioned correctly.
- Operate the reloading press according to the manufacturer's instructions, applying steady pressure to decap the cartridge.
- After decapping, remove the cartridge case and inspect it for any damage.
- Store the decapped cases safely until further processing.

Disposal Instructions

- Dispose of any damaged or worn components of the decapping assembly in accordance with local regulations.
- If the product is no longer usable, follow local guidelines for the disposal of metal and plastic.

components.

- Do not dispose of the product in household waste if it contains hazardous materials; consult local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with your purchase. It is important to have a reliable point of contact for assistance with any concerns related to the product.

Thank you for taking the time to read this safety instruction guide. Your safety and satisfaction are our top priorities. Always prioritize safe practices when using the TYPE S Decapping Assembly and enjoy your reloading experience.
