# Safety Instruction Guide for TYPE S DECAPPING ASSEMBLIES

## Introduction

Thank you for choosing the TYPE S Decapping Assemblies by Redding. This product is designed to be used with the Type S full length sizing die or Type S neck sizing die for the 204 Ruger and 20 Tactical cartridges. To ensure your safety and the proper functioning of the product, please carefully read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always read and understand the product instructions before use.
- Keep this guide in an accessible location for future reference.
- Ensure that the product is used only for its intended purpose.
- Store the product out of reach of children and vulnerable individuals.
- Regularly inspect the product for any signs of damage or wear.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls through the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Use the decapping assembly only with compatible dies (Type S full length sizing die or Type S neck sizing die).
- Ensure that the work area is clean and free of obstructions before starting.
- Wear appropriate personal protective equipment (PPE), such as safety glasses, to protect against debris.
- Do not exceed the recommended load specifications for the cartridge.
- Avoid using the product if you are under the influence of drugs or alcohol.
- Follow proper handling procedures when dealing with cartridges to prevent accidents.
- Be aware of your surroundings and ensure that no one is in the line of operation.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure that the decapping assembly is compatible with your Type S die.
- Remove any existing decapping pins from the die if applicable.
- Carefully insert the decapping assembly into the die according to the manufacturer's instructions.
- Secure the assembly firmly to prevent movement during use.

### 2. Usage:

- Set up your reloading press according to the manufacturer's specifications.
- Insert the cartridge into the reloading press with the decapping assembly positioned over the primer pocket.
- Apply steady pressure to the handle of the press to decap the cartridge.
- Inspect the decapped cartridge for any signs of damage or improper decapping.
- Clean the decapping assembly after use to maintain its effectiveness and longevity.

## Disposal Instructions

- Dispose of any damaged or worn components in accordance with local regulations.
- Do not dispose of the product in regular household waste.

- Check with local waste management authorities for proper disposal methods of reloading components and materials.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPE S Decapping Assemblies, please refer to the manufacturer's website or contact their customer service for assistance. Ensure you have your product information ready for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety is our priority, and we hope you enjoy using the TYPE S Decapping Assemblies.
