# Safety Instruction Guide for TYPE S Decapping Assemblies

## Introduction

Thank you for choosing the TYPE S Decapping Assembly, designed for use with Type S fulllength sizing dies or Type S neck sizing dies. This guide provides essential safety instructions and information to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and understand the instructions before using the decapping assembly.
- Ensure that the assembly is used in a wellventilated area away from flammable materials.
- Keep the decapping assembly out of reach of children and vulnerable individuals.
- Inspect the assembly for any damage or wear before each use.
- Do not modify the decapping assembly in any way.
- Report any unsafe conditions or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves.
- Use the decapping assembly only with compatible cartridges: 223 Remington, 22250 Remington, 22250 Remington Imp 40, and 223 Rem Imp 40.
- Ensure the firearm is unloaded and pointed in a safe direction during use.
- Do not exceed the recommended cartridge specifications.
- Follow all local laws and regulations regarding the handling of ammunition and reloading components.

## Instructions for Installation and Usage

### Installation

#### 1. Preparation:

- Gather all necessary tools and materials.
- Ensure the work area is clean and organized.

#### 2. Assembly:

- Carefully attach the TYPE S Decapping Assembly to the Type S fulllength sizing die or Type S neck sizing die according to the manufacturer's instructions.
- Ensure that all connections are secure and that the assembly is properly aligned.

### Usage

#### 1. Decapping Process:

- Insert the cartridge into the die.
- Operate the press according to the manufacturer's guidelines to decap the cartridge.
- Check for proper functioning and inspect the decapped cartridge for any anomalies.

#### 2. PostUse:

- Clean the decapping assembly after each use to prevent residue buildup.

- Store the assembly in a safe, dry place when not in use.

## **Disposal Instructions**

- Dispose of any damaged or worn parts of the decapping assembly in accordance with local regulations.
- Do not dispose of the decapping assembly in regular household waste.
- Check with local authorities for proper disposal methods for reloading components and tools.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the TYPE S Decapping Assembly, please contact your local distributor or the manufacturer directly. Ensure that you have the product details and any relevant information ready for a prompt response.

By following these guidelines, you can ensure a safe and effective experience with your TYPE S Decapping Assembly. Always prioritize safety and stay informed about best practices in handling and using reloading equipment.
