

# SINCLAIR COMPETITION LOADING BLOCK - SINCLAIR INTERNATIONAL SINCLAIR COMPETITION LOADING BLOCK, 308 WIN FAMILY

[Reloading](#) > [Case Preparation](#) > [Loading Blocks](#)

These blocks are machined from solid white polyethylene providing the reloader with a very durable, easy to clean loading block. Each block is machined to fit the specific cases you reload and has finger grooves machined into the sides to provide a sure grip. Each hole has a slight chamfer for easy case head entry. The ""Poly"" blocks are dishwasher safe for easy cleaning. The white material was selected because spilled powder easily shows up. These blocks were designed for competition shooters that shoot from the bench. Each block has 25 holes and an open tray for throwing the empties into. When you have to hurry during a wind condition there isn't enough time to put an empty into a hole. Available in select sizes.

## Attributes

- Name: [SINCLAIR INTERNATIONAL SINCLAIR COMPETITION LOADING BLOCK, 308 WIN FAMILY](#)

# Safety Instruction Guide for SINCLAIR Competition Loading Block

## Introduction

Thank you for choosing the SINCLAIR Competition Loading Block. This guide provides essential safety instructions to ensure the safe and effective use of your loading block. Please read this guide carefully before use to maximize your safety and the performance of the product.

## General Safety Guidelines

- Ensure the loading block is used in a wellventilated area.
- Keep the loading block out of reach of children and unauthorized users.
- Regularly inspect the loading block for any signs of damage or wear.
- Report any unsafe conditions or incidents to the relevant authorities.
- Stay informed about product recalls and safety updates via the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Use only with compatible cartridges as specified: 270 Winchester 243 Winchester 22250 Remington 2506 Remington 220 Swift 250 Savage 257 Roberts 300 Savage 225 Winchester 280 Remington 284 Winchester 22 BR (Benchrest) Remington 3006 Spring
- Ensure the loading block is placed on a stable and flat surface during use.
- Avoid overloading the block beyond its capacity of 25 rounds.
- Do not leave the loading block unattended while in use.
- Clean the loading block regularly to prevent the buildup of debris and ensure optimal performance.

## Instructions for Installation and Usage

1. **Setup:** Place the loading block on a stable, flat surface away from the edge of the table or workbench.
2. **Loading:**
  - Insert the cartridges into the holes of the loading block, ensuring they are seated properly.
  - Use the finger grooves to provide a secure grip while handling the block.
3. **Unloading:**
  - After use, carefully remove the cartridges from the loading block.
  - Use the open tray to dispose of empty cases safely.
4. **Cleaning:**
  - The loading block is dishwasher safe; however, it can also be cleaned manually with mild soap and water.
  - Ensure the block is completely dry before storage.

## Disposal Instructions

- Dispose of the loading block in accordance with local regulations.
- Do not dispose of the loading block in regular household waste if it is damaged or no longer usable.
- Consider recycling options available in your area for polyethylene materials.

## Contact Information for Further Support

For any safety inquiries or concerns regarding the SINCLAIR Competition Loading Block, please refer to the contact information provided on the packaging or the manufacturer's website. It is important to have access to support for any issues that may arise during the use of this product.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
