

# XTP® .38 CALIBER (0.357") JACKETED HOLLOW POINT BULLETS - XTP® 38 CALIBER (0.357") 125GR JACKETED HOLLOW POINT 100/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Designed for hunting, self-defense and law enforcement applications, the XTP® bullet demonstrates the kind of accuracy that led many competitive shooters to adopt it. Reliable performance makes the XTP® the most popular handgun bullet for both target shooters and hunters. But it's the stopping power of the XTP® bullet that has truly built its world-class reputation. From the onset, XTP® bullets were specifically designed to expand reliably at a wide range of handgun velocities to deliver deep penetration with every shot. PRODUCT FEATURES CONTROLLED EXPANSION Precise serrations divide the XTP® into symmetrical sections, strategically weakening the jacket and initiating controlled expansion even at low velocities. NO EXPOSED LEAD The gilding metal jacket protects the nose of the bullet, so the hollow cavity functions properly on impact and ensures proper feeding in semi-automatics. SWAGED CORE Total uniformity of core density ensures balanced expansion as well as in-flight stability. DRAWN GILDING METAL JACKET Expansion is controlled by varying jacket thickness down the length of the XTP®, providing a definite advantage over plated bullets which have a uniform jacket thickness over the entire bullet. CANNELURE On revolver bullets, the cannellure helps achieve accurate, consistent crimping. All cannellures are applied before the final forming process to eliminate any distortion to the finished bullet.

## Attributes

- Name: [XTP® 38 CALIBER \(0.357"\) 125GR JACKETED HOLLOW POINT 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002222
- Mfr. No.: 35710
- Bullet Style: Hollow Point Extreme Terminal Performance (HPXTP)
- Caliber: 38 Caliber
- Diameter (in): 0.357
- Grain: 125
- Quantity: 100
- Delivery weight: 0.839kg
- Shipping height: 56mm
- Shipping width: 53mm
- Shipping length: 89mm
- UPC: 090255235715

## Item details

Made in USA

US export classification: 0A505.x

# Safety Instruction Guide for XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets

## Introduction

Welcome to the safety instruction guide for the XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets. This guide is designed to provide essential safety information for the proper handling, usage, and disposal of these bullets. It is crucial to follow these guidelines to ensure your safety and the safety of others.

## General Safety Guidelines

- Always treat every firearm and ammunition as if they are loaded.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized users.
- Use appropriate personal protective equipment (PPE) such as safety glasses and hearing protection when handling or firing firearms.
- Be aware of your surroundings and ensure that you are in a safe environment when using ammunition.
- Report any unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure that your firearm is compatible with .38 caliber ammunition before use.
- Inspect the bullets for any visible damage or defects before loading them into your firearm.
- Do not attempt to modify or alter the bullets in any way.
- Always follow the manufacturer's instructions for your specific firearm regarding loading, unloading, and firing.
- Do not use ammunition that has been exposed to water or other contaminants.
- Use the bullets only for their intended purpose, such as hunting, selfdefense, or law enforcement applications.
- Keep the muzzle of the firearm pointed in a safe direction at all times.

## Instructions for Installation and Usage

### 1. Loading the Bullets:

- Ensure that the firearm is pointed in a safe direction.
- Open the action of the firearm and verify that it is unloaded.
- Insert the XTP® bullets into the magazine or cylinder according to the manufacturer's instructions.
- Close the action of the firearm securely.

### 2. Firing the Bullets:

- Stand in a stable position with a firm grip on the firearm.
- Aim at the target while ensuring that there are no obstacles or people in the line of fire.
- Pull the trigger smoothly and steadily to fire the bullet.
- After firing, maintain control of the firearm and be prepared for recoil.

### 3. Unloading the Firearm:

- After use, always unload the firearm in a safe area.
- Open the action and remove any remaining ammunition.
- Inspect the chamber to ensure it is clear of any bullets.

## **Disposal Instructions**

- Dispose of any unused or expired ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash or burn it.
- Contact local waste management authorities for proper disposal methods.
- Ensure that all spent casings and bullet remnants are disposed of safely and responsibly.

## **Contact Information for Further Support**

For any safety inquiries or further support regarding the XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets, please refer to the manufacturer's official website or contact their customer service for assistance.

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience when using XTP® bullets. Always prioritize safety and be responsible in your handling of firearms and ammunition.
