# Safety Instructions for 10' Powder Reservoir Upgrade

## Introduction

Thank you for choosing the 10' Powder Reservoir Upgrade from Redding. This product is designed to enhance your existing Redding Powder Measurers. To ensure safe and effective use, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product according to the manufacturer's instructions.
- Ensure that all components are compatible with your existing equipment.
- Inspect the product for any visible damage before use.
- Keep the product out of reach of children and vulnerable individuals.
- Report any unsafe conditions or accidents to the appropriate authorities.
- Stay informed about product recalls and safety updates via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Do not use the powder reservoir if it shows signs of wear or damage.
- Ensure that the reservoir is securely attached before use to prevent spills or accidents.
- Avoid exposure to extreme temperatures or direct sunlight, which may affect the product's integrity.
- Use only the recommended types of powder in the reservoir to prevent chemical reactions or hazards.
- Follow all local regulations regarding the storage and handling of powders.

## Instructions for Installation and Usage

### 1. Installation

- Unpack the 10' Powder Reservoir Upgrade and inspect for any damage.
- Ensure that your existing Redding Powder Measurer is clean and free of any debris.
- Align the reservoir with the attachment points on the powder measurer.
- Securely fasten the reservoir to the powder measurer according to the manufacturer's instructions.
- Doublecheck that the connection is tight and free from leaks.

### 2. Usage

- Fill the reservoir with the appropriate powder, ensuring not to exceed the maximum fill line.
- Adjust the powder measurer settings according to the desired measurement.
- Always use the product in a wellventilated area to minimize inhalation of any dust.
- After use, empty the reservoir and clean it thoroughly to prevent residue buildup.

## Disposal Instructions

- Dispose of the product in accordance with local regulations regarding plastic and electronic waste.
- Do not throw the product in regular household waste.
- If the product is damaged or no longer usable, follow your local guidelines for hazardous waste disposal.

## Contact Information for Further Support

For any inquiries regarding safety or usage of the 10' Powder Reservoir Upgrade, please contact your local

Redding distributor or visit the official Redding website.

Thank you for prioritizing safety and adhering to these guidelines. Enjoy your enhanced powder measuring experience!
