

NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .330

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .330](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002440
- Mfr. No.: B-330
- Diameter (in): .330
- Delivery weight: 0.032kg
- Shipping height: 1mm
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145025203

NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .330 Safety Instructions

Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .330. This product is designed to provide precise neck sizing for your reloading needs. To ensure safe and effective use of this product, please carefully read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always handle the bushing with care to avoid injury.
- Keep the bushing out of reach of children and vulnerable individuals.
- Inspect the bushing before each use for signs of wear or damage.
- Do not use the bushing if it appears damaged or worn.
- Follow all manufacturer guidelines for usage and maintenance.
- Report any unsafe conditions or incidents to the relevant authorities.

Specific Safety Precautions for Use

• Hazard Identification:

- The bushing is made of hardened stainless steel, which can be sharp. Handle it carefully to avoid cuts or injuries.
- Improper sizing may lead to case neck failures or bullet seating issues, which can create dangerous conditions when firing.

• Avoiding Hazards:

- Always wear safety glasses when using the bushing to protect your eyes from debris.
- Ensure that your workspace is clean and free of obstructions to prevent accidents.
- Use the bushing only with compatible dies and equipment.
- Do not attempt to modify or alter the bushing in any way.

• AgeSpecific Warnings:

- This product is not intended for use by individuals under the age of 18. Ensure that only qualified adults handle and use the bushing.

Instructions for Installation and Usage

1. Preparation:

- Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003" for proper neck tension.
- Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet, and subtract .002" to .003".

2. Installation:

- Securely install the bushing into the neck sizer die according to the manufacturer's instructions.
- Ensure that the bushing is properly seated and locked in place before use.

3. **Usage:**

- Insert the case into the die and apply consistent pressure to size the neck.
- For finetuning, you may turn the bushing over with the markings facing down if necessary.
- Regularly check the sizing process to ensure optimal neck tension and avoid oversizing.

4. **PostUse:**

- Clean the bushing after each use to remove any debris or residue.
- Store the bushing in a safe place, away from moisture and direct sunlight.

Disposal Instructions

- Dispose of the bushing according to local regulations for metal waste.
- Do not dispose of the bushing in regular household waste.
- If the bushing is damaged or no longer usable, consider recycling it at a designated facility.

Contact Information for Further Support

For any questions or concerns regarding the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .330, please refer to the manufacturer's contact information provided with the product packaging.

By following these safety instructions, you can ensure a safe and effective experience while using the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .330. Thank you for your attention to safety.
