

NECK SIZING BUSHINGS - L.E. WILSON STEEL NECK SIZER DIE BUSHING .335

[Reloading](#) > [Reloading Dies](#) > [Neck Size Bushings](#)

Hardened stainless steel neck bushing from L.E. Wilson. Wilson makes their bushings in .001" increments. The size marked on them refers to the middle of the bushing, which is reamed with a .003" taper. Since the case neck only reaches the middle, a slightly tighter sizing can be achieved by turning the bushing over, with the markings facing toward the case (markings facing down). This is mainly an emergency step to be taken if the brass has hardened, springing back more, and will no longer hold the bullet; or for fine-tuning the sizing to provide less additional "squeeze" than using the next smaller bushing in the normal way. Made to similar specs to the Redding neck bushings. Will not interchange with Forster or RCBS dies. Brownells Gun Tech™ Tip: There are two ways to select the steel neck bushings you need: (1) Measure the outside neck diameter of your loaded cartridge and subtract .002" to .003". This allows approximately .001" of brass to spring back for correct neck tension. (2) You can also measure the neck wall thickness of your case, multiply by two, add the diameter of your bullet and subtract .002" to .003".

Attributes

- Name: [L.E. WILSON STEEL NECK SIZER DIE BUSHING .335](#)
- Manufacturer: [L.E. WILSON](#)
- Product no.: 749002467
- Mfr. No.: B-335
- Diameter (in): .335
- Delivery weight: 0.032kg
- Shipping width: 57mm
- Shipping length: 89mm
- UPC: 815145025258

NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .335 Safety Instruction Guide

Introduction

Thank you for choosing the NECK SIZING BUSHINGS L.E. WILSON STEEL NECK SIZER DIE BUSHING .335. This guide provides essential safety information and instructions to ensure safe and effective use of the product. Please read this guide carefully before using the product.

General Safety Guidelines

- **Product Safety:** Ensure the safe use of this product by following all instructions and guidelines provided in this manual.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. Follow any instructions provided in recall notices.
- **Online Shopping Safety:** When purchasing this product online, ensure that the retailer complies with safety standards similar to those of physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep out of reach of minors.
- **EU Contact Point:** For any safety inquiries, refer to the appropriate EU contact point for assistance.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on any unsafe products or recalls.

Specific Safety Precautions for Use

- **Hazard Identification:**
 - Risk of injury if the bushing is used improperly.
 - Ensure that the bushing is compatible with your specific die and cartridge.
- **Avoiding Hazards:**
 - Use the bushing only for its intended purpose.
 - Do not exceed the recommended sizing specifications.
 - Inspect the bushing for damage before each use. Do not use if damaged.
- **Age Specific Warnings:**
 - This product is not intended for use by individuals under 18 years of age. Adult supervision is recommended during use.

Instructions for Installation and Usage

- **Installation:**
 1. Ensure the reloading press is securely mounted and stable.
 2. Insert the bushing into the die according to the manufacturer's instructions.
 3. Tighten the bushing securely to prevent movement during use.
- **Usage:**
 - Measure the outside neck diameter of your loaded cartridge. Subtract .002" to .003" to determine the appropriate bushing size.
 - Alternatively, measure the neck wall thickness of your case, multiply by two, add the diameter of

your bullet, and subtract .002" to .003".

- For optimal performance, turn the bushing over with the markings facing down if necessary.
- Always follow proper reloading techniques and safety practices while using the bushing.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the bushing in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of this product, please refer to the appropriate EU contact point for assistance.
