

XTP® .38 CALIBER (0.357") JACKETED HOLLOW POINT BULLETS - XTP® 38 CALIBER (0.357") 140GR JACKETED HOLLOW POINT 100/BOX

[Reloading](#) > [Bullets](#) > [Pistol Bullets](#)

Designed for hunting, self-defense and law enforcement applications, the XTP® bullet demonstrates the kind of accuracy that led many competitive shooters to adopt it. Reliable performance makes the XTP® the most popular handgun bullet for both target shooters and hunters. But it's the stopping power of the XTP® bullet that has truly built its world-class reputation. From the onset, XTP® bullets were specifically designed to expand reliably at a wide range of handgun velocities to deliver deep penetration with every shot. PRODUCT FEATURES CONTROLLED EXPANSION Precise serrations divide the XTP® into symmetrical sections, strategically weakening the jacket and initiating controlled expansion even at low velocities. NO EXPOSED LEAD The gilding metal jacket protects the nose of the bullet, so the hollow cavity functions properly on impact and ensures proper feeding in semi-automatics. SWAGED CORE Total uniformity of core density ensures balanced expansion as well as in-flight stability. DRAWN GILDING METAL JACKET Expansion is controlled by varying jacket thickness down the length of the XTP®, providing a definite advantage over plated bullets which have a uniform jacket thickness over the entire bullet. CANNELURE On revolver bullets, the cannelure helps achieve accurate, consistent crimping. All cannelures are applied before the final forming process to eliminate any distortion to the finished bullet.

Attributes

- Name: [XTP® 38 CALIBER \(0.357"\) 140GR JACKETED HOLLOW POINT 100/BOX](#)
- Manufacturer: [HORNADY](#)
- Product no.: 749002554
- Mfr. No.: 35740
- Bullet Style: Hollow Point Extreme Terminal Performance (HPXTP)
- Caliber: 38 Caliber
- Diameter (in): 0.357
- Grain: 140
- Quantity: 100
- Delivery weight: 0.953kg
- Shipping height: 53mm
- Shipping width: 56mm
- Shipping length: 107mm
- UPC: 090255235746

Safety Instruction Guide for XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets

Introduction

Thank you for choosing the XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets. This guide provides essential safety instructions to ensure the safe use of this product. Please read the entire guide carefully before using the bullets.

General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the purchase, possession, and use of ammunition.
- Always handle ammunition with care; treat every bullet as if it is live.
- Store ammunition in a cool, dry place, away from direct sunlight and moisture.
- Keep ammunition out of reach of children and unauthorized persons.
- Follow all manufacturer instructions for the safe use of firearms and ammunition.
- In case of an emergency, such as an accidental discharge, seek immediate assistance from qualified personnel.

Specific Safety Precautions for Use

- Only use XTP® bullets in firearms that are specifically designed and rated for .38 caliber ammunition.
- Inspect the ammunition before use; do not use any bullets that appear damaged or deformed.
- Wear appropriate eye and ear protection when shooting.
- Do not mix different types of ammunition in your firearm.
- Always ensure that your firearm is pointed in a safe direction when loading or unloading.
- Be aware of your surroundings and ensure that the area is clear of people and obstacles before firing.

Instructions for Installation and Usage

1. Loading the Ammunition:

- Ensure the firearm is pointed in a safe direction.
- Open the action of the firearm and visually inspect the chamber to confirm it is clear.
- Load the XTP® bullets into the magazine or cylinder as per the firearm's specifications.
- Close the action of the firearm securely.

2. Firing the Ammunition:

- Position yourself in a stable shooting stance.
- Aim at the intended target while ensuring the area is safe.
- Pull the trigger smoothly to fire the bullet.
- After firing, keep the firearm pointed downrange and wait for a few moments before inspecting the target.

3. Unloading the Ammunition:

- Point the firearm in a safe direction.
- Open the action and remove any remaining cartridges from the chamber and magazine.
- Visually inspect the chamber to confirm it is empty.

Disposal Instructions

- Dispose of any unused or damaged ammunition in accordance with local regulations.
- Do not throw ammunition in regular trash.
- Contact local law enforcement or hazardous waste disposal services for safe disposal options.

Contact Information for Further Support

For any inquiries or concerns regarding the XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets, please refer to the manufacturer's website or customer service resources.

Conclusion

By following these safety instructions, you can ensure a safe and enjoyable experience with your XTP® .38 Caliber (0.357") Jacketed Hollow Point Bullets. Always prioritize safety and responsible use. Thank you for your attention to these important guidelines.
