Safety Instruction Guide for 40 S&W Brass

Introduction

Thank you for choosing Starline Brass, the maker of America's finest straight wall brass. This guide provides essential safety instructions to ensure the safe use of the 40 S&W Brass. Please read this document carefully before using the product.

General Safety Guidelines

- Ensure that you are familiar with all safety practices related to ammunition and reloading.
- Always handle brass and ammunition as if they are loaded.
- Store brass in a cool, dry place away from direct sunlight.
- Keep brass out of reach of children and vulnerable individuals.
- Report any unsafe products or accidents to local authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Always wear safety glasses when handling brass and during reloading to protect your eyes from debris.
- Do not use damaged or deformed brass, as it may pose a safety risk during firing.
- Ensure that your reloading equipment is in good working condition and free of defects.
- Follow the manufacturer's guidelines for reloading, including recommended powder charges and bullet types.
- Keep your workspace clean and organized to prevent accidents.

Instructions for Installation and Usage

1. Preparation

- Inspect the brass for any signs of damage or wear before use.
- Clean the brass if necessary, using appropriate cleaning solutions and methods.

2. Reloading Process

- Follow your reloading manual's instructions for the specific process.
- Use the correct dies and tools for resizing and priming the brass.
- Ensure that you are using the correct powder and bullets as specified in your reloading manual.

3. Firing

- Always check your firearm's manual for compatibility with 40 S&W brass.
- Load the ammunition into the firearm according to the manufacturer's instructions.
- Ensure the firearm is pointed in a safe direction when loading and firing.

4. PostUse

- After use, inspect the fired brass for any signs of damage.
- Store any unused brass in its original packaging or a suitable container.

Disposal Instructions

- Dispose of used brass in accordance with local regulations.
- Do not throw brass in regular waste. Instead, consider recycling options available in your area.

- Ensure that all spent primers and components are disposed of safely.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of this product, please contact your local distributor or the manufacturer directly.

Thank you for your attention to these safety instructions. Your safety is our priority.
