

SINCLAIR RIMFIRE GUIDES FOR 22 LONG RIFLE - SINCLAIR INTERNATIONAL ULTRALIGHT ARMS MODEL 20 RIMFIRE ROD GUIDE

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

We have a large assortment of rod guides that we make for popular target/varmint rimfire rifles and are constantly adding more models to our selection. Rimfire guides can't have an O-ring due to the dimensions we are working with. Making rod guides to allow you to clean from the breech on rimfires is a little more complex due to the ejectors and trigger parts that are in the way. All of our rimfire rod guides will accept our Sinclair Solvent Ports, except for the Anschutz Model 54 guide. Does not include integral solvent port.

Safety Instruction Guide for SINCLAIR RIMFIRE GUIDES FOR 22 LONG RIFLE

Introduction

Thank you for choosing the Sinclair Rimfire Guides for your .22 long rifle. This guide provides essential safety instructions and information to ensure safe and effective use of your product. Please read this guide thoroughly before using the product.

General Safety Guidelines

- Ensure that the product is suitable for your specific rimfire rifle model.
- Always wear appropriate safety gear, including eye protection, when using cleaning equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Inspect the product regularly for any signs of wear or damage. Do not use if damaged.
- Follow all local laws and regulations regarding firearms and cleaning equipment.
- In case of an emergency or accident, report it to the relevant authorities immediately.

Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before using the cleaning rod guide.
- Avoid using the cleaning rod guide with excessive force, which may damage the firearm or the guide itself.
- Do not attempt to modify the guide or use it for purposes other than intended.
- Be cautious of the ejectors and trigger parts when cleaning from the breech, as they may obstruct the cleaning process.
- Do not use the Anschütz Model 54 guide with integral solvent port for cleaning.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is completely unloaded and safe to handle.
- Gather all necessary cleaning supplies, including a cleaning rod, solvent, and patches.

2. Installation:

- Align the rimfire rod guide with the breech of the firearm.
- Gently insert the rod guide into the chamber, ensuring a snug fit without forcing it.
- Confirm that the guide is securely in place before proceeding.

3. Usage:

- Attach the cleaning rod to the rimfire rod guide.
- Apply solvent to the cleaning patch and attach it to the cleaning rod.
- Carefully insert the cleaning rod through the guide and into the barrel, using smooth, controlled movements.
- After cleaning, remove the cleaning rod and guide from the barrel.
- Clean the rod guide after each use to maintain its effectiveness.

Disposal Instructions

- Dispose of any used cleaning patches, solvents, and other materials according to local regulations.
- Do not dispose of the rod guide in household waste. Check for local recycling programs or hazardous waste disposal facilities.

Contact Information for Further Support

For any questions or concerns regarding the Sinclair Rimfire Guides, please refer to the EU contact point for safety inquiries. Ensure you have the product information and any relevant details ready when seeking assistance.

By following these safety instructions, you can ensure a safer and more effective cleaning experience with your Sinclair Rimfire Guides. Thank you for your attention to safety and responsible firearm maintenance.
