

# SINCLAIR RIMFIRE GUIDES FOR 22 LONG RIFLE - SINCLAIR INTERNATIONAL REMINGTON MODEL 37 RIMFIRE ROD GUIDE

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rod Guides](#)

We have a large assortment of rod guides that we make for popular target/varmint rimfire rifles and are constantly adding more models to our selection. Rimfire guides can't have an O-ring due to the dimensions we are working with. Making rod guides to allow you to clean from the breech on rimfires is a little more complex due to the ejectors and trigger parts that are in the way. All of our rimfire rod guides will accept our Sinclair Solvent Ports, except for the Anschutz Model 54 guide. Does not include integral solvent port.

## Attributes

- Name: [SINCLAIR INTERNATIONAL REMINGTON MODEL 37 RIMFIRE ROD GUIDE](#)
- Manufacturer: [SINCLAIR INTERNATIONAL](#)
- Product no.: 749002590
- Mfr. No.:

# Safety Instruction Guide for Sinclair Rimfire Guides for 22 Long Rifle

## Introduction

Thank you for choosing the Sinclair Rimfire Guide for your Remington Model 37 rifle. This guide provides important safety information and instructions for the proper use and maintenance of your product. Please read this guide carefully to ensure safe and effective operation.

## General Safety Guidelines

- Always follow the manufacturer's instructions when using the rimfire guide.
- Ensure that the firearm is unloaded before attaching or using the rod guide.
- Use the rod guide only with compatible rimfire rifles, specifically the Remington Model 37.
- Keep the rimfire guide out of reach of children and unauthorized users.
- Report any unsafe conditions or product malfunctions to the manufacturer immediately.
- Regularly check for product recalls or safety alerts via the EU Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid ORings:** The design of rimfire guides does not allow for Orings; do not attempt to add or modify the guide with Orings.
- **Breech Cleaning:** Cleaning from the breech may be complex due to ejectors and trigger parts. Ensure that you understand the mechanism of your rifle before proceeding.
- **Use of Solvent Ports:** All rimfire rod guides accept Sinclair Solvent Ports except for the Anschütz Model 54 guide. Ensure you are using the correct model for your solvent port.
- **Check for Damage:** Before each use, inspect the rod guide for any signs of damage or wear. Do not use if damaged.
- **Follow Cleaning Instructions:** Use appropriate cleaning solvents and tools as recommended by the manufacturer.

## Instructions for Installation and Usage

### 1. Preparing Your Rifle:

- Ensure the firearm is completely unloaded.
- Remove any existing cleaning rods or accessories.

### 2. Attaching the Rimfire Guide:

- Align the rimfire guide with the breech of the Remington Model 37.
- Securely attach the guide, ensuring it fits snugly without forcing it.

### 3. Using the Rimfire Guide:

- Insert the cleaning rod into the rimfire guide.
- Apply the appropriate solvent to the cleaning rod as per the cleaning instructions.
- Carefully pull the rod through the barrel, ensuring no obstruction occurs.

### 4. Removing the Rimfire Guide:

- After cleaning, carefully detach the rimfire guide from the breech.
- Store the guide in a safe, dry place away from children.

## **Disposal Instructions**

- Dispose of any cleaning solvents and used materials in accordance with local regulations.
- If the rimfire guide is damaged beyond repair, dispose of it responsibly, ensuring it does not pose a risk to the environment or public safety.

## **Contact Information for Further Support**

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with your product packaging. It is important to reach out for assistance if you have any questions or concerns.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience with your Sinclair Rimfire Guide.
